Pupil Changes School, Ignores Order Of Judge

OKLAHOMA CITY (AP) — Ray York, the 14-year-old boy who was led away from a public school by U.S. marshals after he ignored a judge's order to transfer, has been enrolled in a private school.

Mr. and Mrs. Raymond York enrolled Ray on Friday in The Galilean School, a nondenominational parochial school about 8½ miles from the York home.

That's about five miles farther than Harding Junior High, the only public school in Oklahoma City that Judge Luther Bohanon of U.S. District Court will allow Ray to attend.

Ray's father, an investment company employee, said he was able to afford the private school because some of the many donations sent to help in the Yorks' fight were marked for Ray's education. Others were for legal fees.

Bohanon redrew school district lines in August in an order aimed at balancing the racial makeup of schools. This moved Ray from the district of Taft Junior High, which he attended in 1968-69, to the Harding district.

He continued to attend Taft until U.S. marshals led him away from the school and held him in custody during school hours on Jan. 19. He has attended no school since.

His parents said the main objection was to busing and that they had bought a house in the Taft district specifically for him to attend that school.

Mrs. York said Friday night they chose a private school "rather than be illegally forced to transfer Ray to Harding. If we allowed him to go there, we'd have to sacrifice our principles."

Mrs. York said she is happy with the decision, although she had vowed earlier Ray would not do so.

"Personally I think he'll get a better education there than in a public school. Whatever personal attention he needs, especially to catch up, he'll get there."

The school has about 100 students, from preschool through the 12th grade.

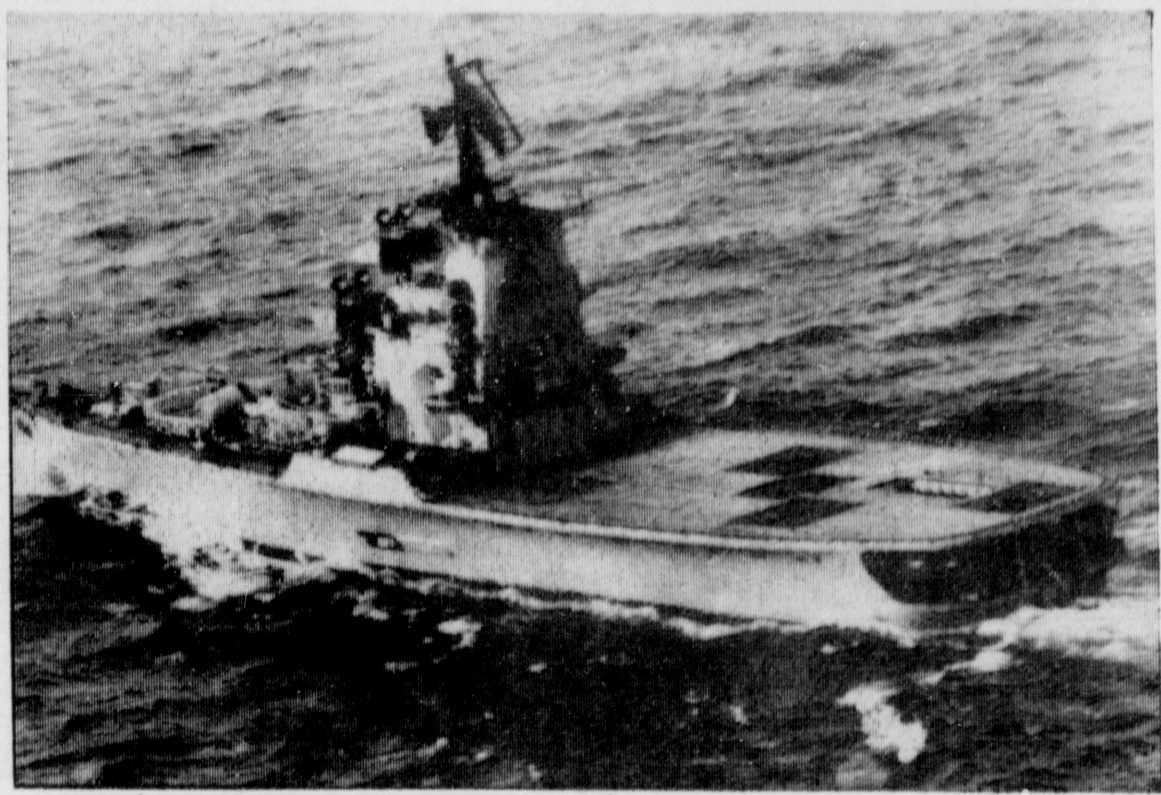

Policemen Given OK To Wear Flags

BOSTON (AP) — Police Commissioner Edmund L. McNamara has issued an order allowing Boston policemen to wear, on a voluntary basis, a small American flag pin as part of their uniform.

According to McNamara's order the flag pin cannot be larger than a square inch. It can be worn on the left lapel of the outer uniform or on the tab of the uniform shirt.

Spiro Takes Another 'Shot' At Dissidents

BALTIMORE (AP) — Vice President Spiro T. Agnew says his 25-day trip to Asia convinced him U.S. prestige is high and it "is time for the American people to stop eating themselves up over the few malcontented

THE RUSSIAN HELICOPTER CARRIER Moskva, 15,000 tons, was photographed from 400 feet about 20 miles southwest of Land's End, England, by an RAF maritime reconnaissance Nimrod making its operational sortie. The missile-armed Moskva, one of the two Russian helicopter carriers, had entered the Atlantic from the Mediterranean for the first time. At the entrance of the English Channel she and two escort destroyers abruptly turned back into the Atlantic. (AP Wirephoto)

Iron Ore Boosts Mineral Value To Record High

LANSING (AP) — Iron production led the way to boost Michigan's mineral value last year to a record \$675.1 million, reports the state department of natural resources.

The department figures are based on a preliminary estimate by the U.S. Bureau of Mines.

The 1969 figure tops the 1968 total by \$48 million. The 1968 figure was the former record.

In addition to iron, nearly all minerals produced in the state made gains over the previous year. The only exceptions were cement, lime and natural gas liquids.

Iron ore production reached a value of \$173.2 million last year compared to \$148.9 million in 1968. Iron ore shipments climbed to 14.4 million long tons last year, up 1.7 million tons from the previous year. Iron ore pellets accounted for nearly 83 per cent of the total.

Cement, copper, and sand and gravel followed iron ore on last year's value list for mineral production in this state.

Cement finished second with a figure of \$104.6 million. Copper was next in line with nearly \$72.6 million.

Michigan maintained its position as the nation's second largest producer of sand and gravel, estimated at \$57.5 million.

Some of the other production

leaders with their value levels:

Shale	\$45 million
stone	\$31.7 million
crude petroleum	\$39.1 million
and magnesium compounds	\$29 million

Lumped together with a value of \$63 million are natural brines containing calcium and magnesium chlorides, bromine, gem stones, iodine, and potassium salts.

Rounding out the value list are:

Lime	\$19.1 million
natural gas	\$10.8 million
natural gas liquids	\$6 million
gypsum	\$5.5 million
clays	\$3 million
and peat	\$3 million

Michigan's 1969 output of peat accounted for 36 per cent of the nation's total, making the state the country's pacesetter in this field of the mineral industry.

Today's Chuckle

just doesn't plan for the future at all. He's getting married next month and hasn't even found her a job.

Nixon Pushing Carswell Okay

WASHINGTON (AP) — President Nixon says his choice for the Supreme Court, G. Harrold Carswell, has a judicial record that is "impeccable and without a taint of any racism" regardless of what the nominee may have said in a political speech in 1948.

At his news conference Friday night, Nixon was asked if he would have nominated the judge for the high court if he had known about a speech Carswell gave 22 years ago advocating white supremacy.

"I am not concerned about what Judge Carswell said . . . when he was a candidate for a state legislature," Nixon said. Carswell was running for the Georgia legislature when he made the 1948 speech.

"As you know, he had six years as U.S. attorney and 12 years as a federal district judge—a record which is impeccable and without a taint of racism . . ." Nixon said that Carswell, a judge on the 5th U.S. Court of Appeals, is a strict constructionist and this should give the Supreme Court "the kind of balance that it needs."

Nixon said "any individual may find instances where he has made statements in which his position has changed."

President's Plan Creates Hassle

WASHINGTON (AP) — Members of Congress, involved in a lengthy and bitter fight over the Safeguard missile defense system last summer, were plunged into renewed controversy Friday night by President Nixon's announcement he plans to seek expansion of the program.

Here is how some Senate and House members reacted:

"There'll be very good reasons given for it and it will be sustained," Sen. John C. Stennis, D-Miss., chairman of the Senate Armed Services Committee, a key supporter of Safeguard when it narrowly cleared the Senate last year.

"I think it's a great mistake. He (Nixon) won last year and I suppose he can do it again," Sen. J. W. Fulbright, D-Ark., chairman of the Senate Foreign Relations Committee.

"I was dumfounded that the President would come out as positively as he did for a new multibillion dollar expenditure for ABM (antiballistic missile) on the heels of the veto of the (education and labor appropriations) bill, theoretically to save a billion dollars," Rep. Robert L. Leggett, D-Calif., a leading House opponent of the ABM.

"We must be in a position to guard against nuclear blackmail," Sen. Hiram Fong, R-Hawaii.

"In view of some of the scientists' doubts that it will work, I think we should wait and see if it can do the job before we expand it," Sen. William Proxmire, D-Wis.

"This is the same system with the same vulnerable radar which 50 senators opposed last year," Sen. Philip A. Hart, D-Mich.

Expansion Of Missile Defenses Nixon Aim

Forced Busing Out In Florida, Governor Says

TALLAHASSEE, Fla. (AP) — Gov. Claude Kirk has issued an executive order forbidding forced busing in two Florida counties. The busing would be required to comply with desegregation plans of a federal court.

The desegregation plan ordered for Volusia County (Daytona Beach) must be implemented Monday, so Kirk's order sets up an immediate showdown.

Manatee County (Bradenton) is not required by its federal court order to complete desegregation until April 6.

The executive order issued Friday left Volusia and Manatee officials with the choice of risking suspension by the governor or fines and possible jail sentences for contempt of court.

"We'll have to decide who carries the biggest stick, the governor or the federal court," said Manatee Supt. Jack Davidson.

"Where that puts us legally other than between a rock and a hard place, I just don't know."

Kirk's order did not specify what would happen to school superintendents and school board members who defied it. It said merely that they would be subject to executive action.

Gerald Mager, Kirk's legal aide who distributed the executive order to newsmen, would not say what the executive action would be, but the state constitution allows the governor to suspend any public official by executive order.

The order prohibited four actions in addition to busing: Altering the school calendar, incurring new expenses, taking any action that would result in massive reassignment of pupils and closing before the end of the school year.

Sen. Hart Says—Forget Numbers In Race Relations

PONTIAC (AP) — The progress of race relations in the 1970s should not be measured in numbers but in Negroes' self-esteem, says Sen. Philip A. Hart, D-Mich.

How blacks view themselves is more important than "how many welcome Negroes and how many more blacks will gain new employment," Hart said in a speech Friday night to the Pontiac Urban League.

"Our progress in racial relations in the 1970s," Hart said, "is already beginning to be measured by the growth of respect that the black man has for himself and that white men have for him too. And that should be the order of progress for this new decade."

Dr. Joseph R. Grayson, president of the Pontiac Urban League, told the group "We must project reform, renewal and delivery into our old and weary institutions."

Nuclear 'Blackmail' By Red China Feared

WASHINGTON (AP) — President Nixon has decided to ask Congress for a major expansion of the missile defense system to provide "virtually infallible" protection against the possibility of attack — or nuclear blackmail — by Red China a decade from now.

Nixon's announcement at a news conference Friday night rekindled rumblings of discontent from congressional opponents of the antiballistic missile — ABM — and expressions of support from those who successfully defeated the program in bitter debate last summer.

The President said the United States must take steps now to handle a situation that may confront the nation in a decade.

"Ten years from now the Communist Chinese, for example, among others, may have a significant nuclear capability," he said. If relations with mainland China aren't improved, he said, "it will be very important for the United States to have some kind of defense so that nuclear blackmail could not be used against the United States" or U.S. allies in Asia.

Responding to questions at his first news conference of the year, Nixon also:

—Issued a new warning to North Vietnam against attacks that would jeopardize U.S. forces in South Vietnam. If such attacks occur, he said, "we have the means and I will be prepared to use those means strongly to deal with that situation."

—Said he would decide within 30 days on Israel's request for more American arms "to strengthen its security against its Arab enemies. Nixon indicated he would discuss with French President Georges Pompidou here next month the French sale of Mirage fighter planes to Libya. The U.S. has expressed concern.

—Refused to disclose details of U.S. involvement in Laos, which has been questioned in the Senate, but said "our activities there are solely for the purpose of seeing that the Laotian government . . . is not overwhelmed by the North Vietnamese and other Communist forces."

—Reported the U.S. has made considerable progress in getting the Nigerian government to accept relief supplies for its war-ravaged former Biafran territory.

—Expressed confidence Federal Judge G. Harrold Carswell "will be approved by the Senate overwhelmingly" for service on the Supreme Court.

—Declared his new \$200.8 billion budget fiscal year 1971, which will go to Congress Monday, "will be a major blow in stopping the inflation psychology" and the government "will be able to control inflation without recession."

He expressed concern about the level of infiltration from North to South Vietnam, saying the number of troops moving south has gone up in January but is still not great enough to "sustain a prolonged offensive beyond that which we are able to contain."

Nixon made it clear that even when all ground combat forces are out of Vietnam sizable U.S. forces will remain to give the South Vietnamese logistic support and conduct "highly sophisticated training programs" in sea and air warfare. He did not estimate how long such support and training forces might remain.

Replies to questions about Vietnam, Nixon said his program for turning combat over to South Vietnamese forces is "moving on schedule" and more troop withdrawal announcements will be made, although he did not say when.

Wants GIs Out
His goal, he said, is still to get U.S. ground combat forces out of Vietnam by the end of this year, but he declined to speculate on whether the goal would be met. He said the policy of withdrawal is "irreversible" but the timing depends on various factors including enemy actions.

He expressed concern about the level of infiltration from North to South Vietnam, saying the number of troops moving south has gone up in January but is still not great enough to "sustain a prolonged offensive beyond that which we are able to contain."

Nixon made it clear that even when all ground combat forces are out of Vietnam sizable U.S. forces will remain to give the South Vietnamese logistic support and conduct "highly sophisticated training programs" in sea and air warfare. He did not estimate how long such support and training forces might remain.

Details To Come
In disclosing his final decision on the ABM issue, Nixon said Secretary of Defense Melvin R. Laird will make public the details of the program in about 30 days.

Dr. Joseph R. Grayson, president of the Pontiac Urban League, told the group "We must project reform, renewal and delivery into our old and weary institutions."

Nixon Says:

Economic Climb On Steep Grade

WASHINGTON (AP) — President Nixon says the U.S. economy, throttled down to anti-inflation speed, should be ready to accelerate a bit by mid-1970.

Nixon held out this prospect Friday in a sober economic report, forecasting relatively slow economic growth in the next few months—with a chance of a rise in unemployment.

But he said continuing his policy of firm restraints on the budget and the money supply "holds out the best hope of keeping that risk low."

Budget Will Help
Just before release of the economic report to Congress, Nixon told a White House news conference his new budget will be "a major blow in stopping the inflationary psychology."

"We are now in a position, a critical position, in which the decisions made in the next month or two will determine whether we win this battle," Nixon said.

In his economic report, the President said "a moderately quicker pace later in the year would be consistent with continued progress in reducing the rate of inflation." Such a pace probably could be spurred by a relaxing of money policies of the Federal Reserve under its Nixon-appointed chairman, Arthur F. Burns.

Unemployment Likely
Nixon said in the economic message that the ever present risk of greater unemployment while anti-inflation policies predominate is a good reason for Congress quickly to approve his proposals for improved manpower training, broader unemployment compensation and family assistance.

In addition to the danger of substantial unemployment, Nixon said, other situations to be avoided are a resurgence of inflation and a money squeeze so

B52s Bombard Supply Routes In Latest Raids

SAIGON (AP) — American B52 bombers blasted North Vietnamese supply depots in Laos today with hundreds of tons of bombs in new raids aimed at slowing the movement of war materials into South Vietnam, officials sources said.

In ground action, allied troops fought North Vietnamese and Viet Cong soldiers in a series of skirmishes from the western Mekong Delta to the demilitarized zone.

The allies said they killed 62 enemy soldiers in less than a dozen clashes. American losses were one killed and 13 wounded, spokesmen said. Field reports said 10 South Vietnamese troops were killed and 28 wounded.

Sources said the B52 raids in Laos were just across the border from the 25-mile-long A Shau Valley. The valley is held by the North Vietnamese and is used for moving war supplies into South Vietnam's northern provinces, which include the cities of Hue and Da Nang.

The strikes were about 100 miles south of the Mu Gia Pass, where an American fighter-bomber and a rescue helicopter were shot down Wednesday.

Tough Sledding For Car Makers

DETROIT (AP) — Outside analysts use the term "recession." Company men would rather not have it called that. Regardless of the name tag, the auto industry is hitting some rough sledding.

The Big Three have all laid off thousands of workers in an effort to trim production back in line with slumping sales.

Both General Motors and Chrysler Corp. have already reported a decline in 1969 earnings, largely attributable to a poor showing the fourth quarter.

January new car production was the lowest since January, 1961, the trade publication Automotive News reported.

The question facing the Detroit automakers now is how bad will things get and how long will it last?

"It's pretty clear now that we're in a recession which is affecting the auto industry," said David Healy, automotive analyst for Argus Research Corp., a New York investment counseling firm.

Healy, in Detroit for a round of talks with the automakers' financial experts, is more optimistic than some. He is recommending the purchase of auto stocks and said he sees improvement for the automakers in the second half of 1970.

A General Motors economist, who discussed the situation on the proviso that his name not be used, said he agreed with Healy's prediction of an upswing by mid-year. He said he would not use the term recession, however, in describing the situation.

"The pattern is somewhat reminiscent of the time of the credit crunch back in '66 and '67 when the government, by its monetary policies, restrained the amount of credit available," the economist said. He said he believes there are a number of prospective car buyers waiting "on the sidelines until they are assured of their own situation."

George Katona, a director of the prestigious University of Michigan Survey Research Center, said Friday that the auto industry is suffering through a recession and added that the economic slump extends to other discretionary products such as TV sets.

Weather
ESCANABA AND VICINITY: Variable cloudiness and warmer today, high near 30. Mostly cloudy tonight and Sunday with chance of snow late tonight and Sunday. Low tonight about 24, high Sunday in mid 30s. Monday's outlook: colder with chance of snow flurries. Sun sets today at 5:52 p.m. and rises Sunday at 8:11 a.m. Sun sets Sunday at 5:54 p.m. and rises Monday at 8:09 a.m.

Vice President Agnew

words of dissidents who don't know what is going on in the world."

Speaking to 1,000 friends and political supporters from both parties at a testimonial dinner Friday night, the vice president said the trip reinforced his belief that "what we have in the United States is not a prime operating target for national masochism."

"The regard that the United States is held in the rest of the world," he added, "is something that every American should

BUBBLES, LIKE ANY OTHER TOT, must drink milk, milk and more milk. But obviously she would prefer bananas, like grown-up chimpanzees. Bubbles is one of the youngest chimonees in the Louisville, Ky. Zoological Gardens. By the way, she took the bottle, not wanting to make a monkey out of the attendant showing her off. (AP Wirephoto)

Parochial Foes Meet In Detroit

Fifty-seven prominent educational, religious and civic leaders will participate in the 22nd National Conference on Church and State on Feb. 9 and 10 at the Detroit Hilton Hotel. The theme of the conference will be "What Price Parochialism?"

The highlight of the conference will be a free public meeting at the Central Methodist Church, Woodward Avenue at Grand Circus Park, Detroit, on Tuesday, Feb. 10, on the theme "Memorial and Remembrance Against Parochialism."

The featured speakers will include representatives of the Michigan Baptist Convention, Jewish Community Council of Metropolitan Detroit, Michigan Conference of Seventh-day Adventists, Michigan Education Association, Baptist State Convention of Michigan, Detroit Council of Churches, United Methodist Church, United Presbyterian Church, American Lutheran Church, and Detroit Association of (Catholic) Laymen. State Senator Coleman A.

Young and Dr. Kenneth W. Carman will speak on "The Showdown in Michigan" on Monday, Feb. 9, at the Detroit Hilton.

Dr. Ira Poller, former Michigan Superintendent of Public Instruction, will deliver the conference keynote address on "What's Right With the Public Schools?"

Dr. Jimmy R. Allen will speak at the luncheon on Feb. 10 on "Battles in Belfast: Lessons from a Laboratory of Church Establishment." Dr. Allen was in Northern Ireland during the 1969 disorders on a fact-finding tour.

Other highlights of the conference will include a panel on "Church and state in the Courts," a dialogue on "How Tax Reforms Will Affect the Churches," and a discussion on "Parochialism's Threat to Racial and Religious Minorities."

The 22nd National Conference on Church and State is sponsored by Americans United for Separation of Church and State, and supporting organizations and individuals. Americans United was founded in 1947 by prominent religious, education and civic leaders for the sole purpose of preserving religious freedom by means of church-state separation.

Mayor Hubbard Remains Aloof In KKK Hassle

DEARBORN (AP)—Dearborn Mayor Orville Hubbard continues to stay out of the controversy caused by the scheduled appearance of Klu Klux Klan Imperial Wizard Robert Shelton in the city's youth center Sunday.

Hubbard declined comment Friday to a local religious group's charge that the appearance of Shelton would violate youth center rules.

The group, called the Dearborn Interfaith Center for Racial Justice, charged in a telegram, "The rules state clearly that the center cannot be used by anyone except Dearborn residents and it cannot be used for personal financial gain."

"As far as we can see," said vice chairman James Hirsch, "both of these rules are being ignored. The hall was rented by outsiders and they will be soliciting dues for personal gain."

Hirsch said Hubbard's refusal to reply to the telegram would "definitely mean further action on our part to prevent this racist group from using city property."

Hubbard, nationally known for his strict segregationist policies, has so far refused to back down from the commitment to allow Shelton to use the center as part of a nationwide membership drive.

U of D Students To Face Trespass Charges Soon

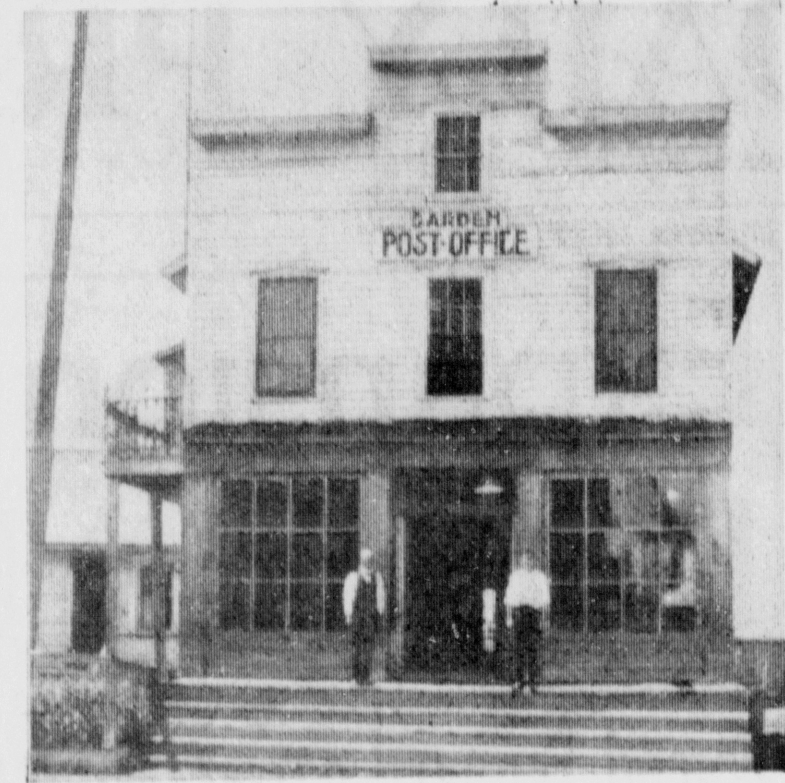

DETROIT (AP)—The 17 University of Detroit students charged with trespass after a demonstration last week will be tried "sometime within the next two weeks," said Recorder's Judge Robert DeMascio.

The trial scheduled for Friday, was adjourned because no judge was available to try the case.

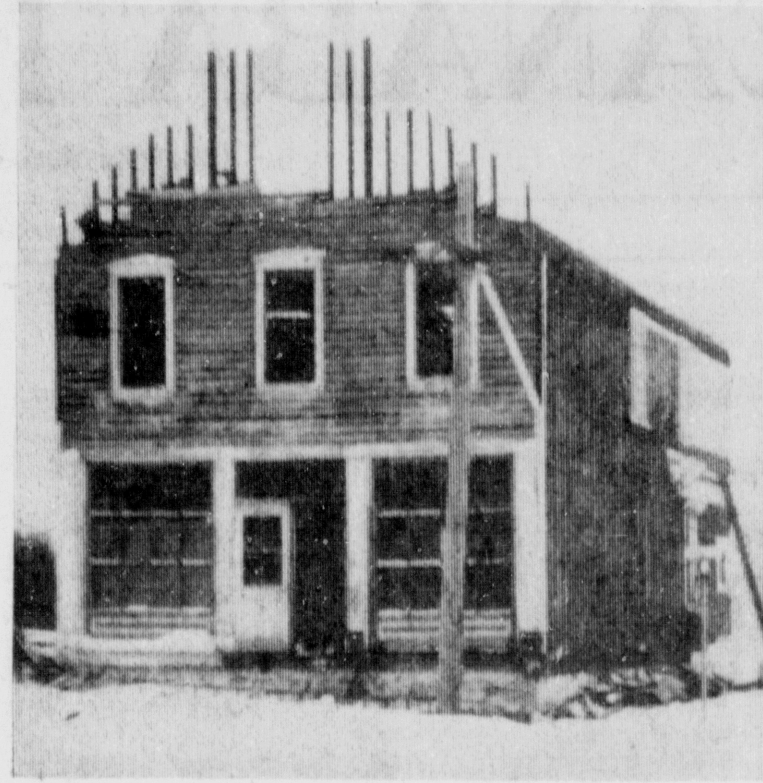

A 78-hour sit-in at the school's administration building ended Friday afternoon without incident. A spokesman for the demonstrators said the sit-in would resume Monday and continue during regular business hours.

The demonstration began Tuesday morning, when demands for amnesty and apology were rejected by the administration. Between 100 and 150 students began a sit-in in midweek.

Meanwhile, students at the U of D School of Architecture boycotted classes in support of the 17.

CONSTRUCTED 96 YEARS AGO, this was one of the first business buildings in the village of Garden. Now it's coming down, revealing beneath the siding white pine boards

each one foot wide and 20 feet long. Store, post office and barber shop were housed there through the years.

Push-Cart Supermarkets Soon To Be Thing Of Past

SAN DIEGO, Calif. (AP)—The push-cart supermarkets of today will become obsolete in the 1970s, says the head of a new shop-by-phone firm. Housewives can cut shopping time in half by placing grocery orders with a talking computer.

A.G. Bill Bailey, chairman of the board of newly formed Telemart Enterprises, Inc., unveiled plans for a San Diego pilot program at a news conference Friday.

The shop-by-phone supermarket facility for home deliveries is scheduled to open July 4. It is a 44,000-square-foot food distribution center that "should do the business of 10 supermarkets," Bailey said.

Citing Supermarket Institute Research, he said the average woman spends three hours per week at supermarkets. "We are convinced that Telemart can cut this time in half."

"What Telemart has done is to use the home-delivery concept of the 1920s, endow it with the vast variety of modern supermarket products and go a step further by utilizing present-day and advanced computerization methods for selection and delivery," Bailey said.

He announced that Rohr Corp., a Chula Vista aerospace firm, has a \$167,000 contract to provide computer-oriented systems—a talking computer—and programming for the new food

marketing concept. "Clara, the talking computer, will be handling over 2,000 food and nonfood items for Telemart member-customers throughout San Diego County," he said.

Bailey said the computer fills an order this way: When a customer calls, a live operator patches the line to Clara, which says, "Hello, this is Clara speaking."

The computer system responds to a customer's voice and is programmed to act on grocery listed items available in the store, quoting updated and current prices, specials and volume discounts.

"When a shopper asks for soap, Clara will be able to say whether we have a special on any particular brand," Bailey said.

Clara will compute subtotals and final totals for customers. After a customer confirms the final total, the computer instructs personnel at the Telemart distribution center which items to pick out and how to route them through automated conveyance systems to the delivery truck depot, and informs the dispatcher of delivery scheduling.

At the same time, Clara will note the amount of warehouse depletion per order and make entries on the customer's account for month-end billing.

A similar marketing concept called Hemkops has operated successfully in Sweden since 1954, he said, starting with a \$50,000 gross that rose to more than \$9 million in 1968.

But Hemkops does not have a computerized operation and does not utilize mass media for customer orientation, said Bailey, who owes personal success to television advertising. He's the voice in Volkswagen and Kentucky Fried Chicken commercials.

Telemart will use print and broadcast advertising, but will also have its own quarterly merchandise publication for customers who pay \$3 membership fees.

Deliveries will be free for large orders but a minimum charge of \$1 will be made for small orders, he said.

Air Fares Cut Seen If Firms Ignore Terms

WASHINGTON (AP)—Air fares over much of the nation could go down more than 6 per cent starting Sunday unless nine of the nation's largest airlines come to terms with the Civil Aeronautics Board.

The nine faced a mandate today to cut their fares by 6.35 per cent unless they sign new fare-sharing agreements with local carriers by midnight tonight.

The airlines—American, Continental, Delta, Eastern, National, Northeast, Northwest, Trans World and United—must act because the 6.35 per cent fare increase they put into effect last Oct. 1 expires at midnight under terms set by the CAB.

Two other trunk airlines—Braniff and Western—signed the fare-sharing agreement along with the nine local service airlines and thereby won an extension of their present fares to April 30.

But the CAB noted that these companies may wish for competitive reasons to reduce fares on routes where they compete with the big airlines.

They will be able to do so on short notice, the CAB said.

When the fare increase went into effect last Oct. 1 the CAB estimated it would increase revenues on an annual basis by \$330 million for the 11 trunk airlines and by \$125 million for the regional airlines.

But the CAB said then it would require the airlines to come in, before the Jan. 31 expiration date of the fare increase, with:

—A broader offering of joint fares—for trips that involved both trunk and local airline transportation—lower than the combined fares now charged for such travel.

—A redistribution of revenues from such fares to give the local service lines, with their much higher operating costs, a greater share of ticket sales.

The trunk airlines submitted a joint fares agreement which the CAB rejected Thursday as unsatisfactory.

In Service

Army Spec. 4 Gerald L. E. J., 19, whose parents live at 1407 Stephenson Ave., Escanaba, Mich., was assigned Dec. 13 to the 937th Engineer Group in Vietnam.

Sgt. Lowell J. Stone, 22, son of Mr. and Mrs. Carl J. Stone Sr., 553 1/2 N. 12th St., Gladstone, completed Special Forces training recently at the John F. Kennedy Center for Special Warfare, Ft. Bragg, N. C.

Army Pfc. Howard F. DeGrand, 19, son of Mr. and Mrs. Francis W. DeGrand, Mounted Route, Escanaba, was recently assigned the 1st Infantry Division in Vietnam as a medical aidman.

Spec. 5 Robert LeMire, Jr., was recently assigned to Long Binh in Vietnam. LeMire, whose wife Betty resides at 615 Ogden Ave., Escanaba, attended the University of Detroit School of Law prior to entering the service. He is the son of Atty. and Mrs. Robert LeMire, Sr., Escanaba. LeMire's address is: AG Company, HQ. USAAV (AG-Station Reporting Unit), Long Binh Post, Vietnam.

Spec. 4 David Breault has been awarded the Army Commendation Medal for his meritorious achievement in connection with military operations against a hostile force in Vietnam, it is announced by Col. T. H. Tackaberry, chief of staff. The commendation is for his service in the period from September to December in 1969 with the 52nd Infantry. He is the son of Mr. and Mrs. Alfred Breault of 1120 S. Lincoln Rd. and has been in Vietnam since May, 1969.

Founders' Day Festival Affair

A community-wide festival of fun and entertainment is planned by the Escanaba Area PTA Council and its committees to commemorate Founders' Day on Feb. 23, it is announced today.

Founders' Day marks the date when PTA idea took on the "vitality of a nation-wide movement."

The program will be held in the Escanaba Area High School at 7:30 p. m.

Mrs. Marina Chapekis and Mrs. Beverly Moraco are co-chairmen for the 1970 Founders' Day event, assisted by Don Allis and Ken Myllyla. Songs, dances and other entertainment will be featured in the program in which the La-Capitan School of Dance, Erwin Orban's fifth and sixth grade orchestra, a Barbershop group, Mrs. Moraco's choral group, Miss Esther Schumm's choral group, and Robert

Chase's 5th and 6th grade orchestra will participate.

The skit — "Founders' Frolics" — will include Mrs. Al Gossan and Mrs. Ron Lankford in featured roles.

The public will be welcomed to the program and lunch will be served to parents and children.

Bomb-By-Mail Suspect Guilty

MARSHALL (AP)—Enoch D. Chism, 47, of Marshall, was found guilty by a jury Friday of first-degree murder in the bomb-by-mail death of a Marshall woman two years ago.

The Calhoun County Circuit Court jury deliberated almost six hours before finding Chism guilty in the death of Nola Puryear, 56, a Marshall cafe owner, in August 1967.

After the verdict, Chism stood up in court and yelled "I'm not guilty of this crime. I didn't kill no one."

He also shouted "They took my son to South America so he couldn't testify for me. He was my only witness."

Observers said Enoch's son was on a trip with a church to South America.

The prosecution said during the trial that he sent the bomb, because he wanted to start a cafe. The prosecution said it was a product of a sick mind.

Briefly Told

Painters Local 811 will meet Tuesday at 7:30 p. m. at the Eagles Hall.

Scuba divers interested in forming a club are asked to attend an organizational meeting Wednesday at 7:30 p. m. at the Escanaba Chamber of Commerce Building.

Delta County Chapter, Michigan Association for Retarded Children, will meet Monday at 8 p. m. at the Kennedy School. Interested persons will be welcomed and refreshments will be served.

Recreation needs of the residents of Wells Township will be discussed at a meeting to be held at the Soo Hill School at 7:30 p. m. Monday, Feb. 2. Organization of a recreation program will be considered.

The Study Club will meet Monday afternoon at the home of Mrs. B. H. Skellenger, 1312 Wisconsin Ave., Gladstone. Mrs. A. J. Altese will review a Michigan article, and Mrs. J. Beckvar will review "The Whole World Is Watching" by M. Gerzon.

State Police from the Gladstone Post issued traffic citations Friday to Maureen Dean, 302 N. 18th St., Escanaba, no Michigan operator's license; Gary Hess, Rte. 3, Rapid River, speeding; Bruce Peppin, 931 Stephenson Ave., Escanaba, deductive exhaust; John Gucky, Rte. 1, Escanaba, permitted an unlicensed subject to drive; and Stephen Douck, 1119 6th Ave. S., Escanaba, no operator's license.

Landmark Comes Down At Garden

By MRS. ELEANOR LaBUTTE
GARDEN—One of Garden's earliest buildings, a landmark for nearly a century, is being torn down, marking the end of an era.

The business building was constructed by Antoine Deloria in 1874. It housed a grocery, a mill, livery stable, and stage coach station.

It became Garden's first U. S. Post Office, with Neil Gauthier the acting postmaster.

At that time the mail was brought by dog sled from Nahma and Escanaba during the winter months and by boat in summertime. Antoine's son, Noah, drove the stage which traveled to the surrounding communities, such as Manistique, Cooks, and so forth.

The first Catholic Mass in the Garden area was held in the upstairs room in the then new building, a room donated for a chapel by Antoine.

After Antoine's death, his son Joseph Deloria Sr. operated the store and business; and his son, Joe Jr., operated a barber shop in the building for 48 years.

Then in 1969, after his death, many books and ledgers were found in the building by his children—Van, Jerome, Ralph, Farrell, and Mrs. Grover Spaulding.

Ann Arbor Girl Among Panther Members Held

CHICAGO, Ill. (AP)—An Ann Arbor girl is one of seven Black Panther party members indicted Friday on charges stemming from a police raid on the militant's headquarters in Chicago Dec. 4.

Miss Verline Brewer, 17, was charged with attempted murder, armed violence, unlawful possession of weapons and unlawful use of a weapon.

The seven, survivors of a shootout with police in the West Side apartment occupied by Fred Hampton, were arrested during the pre-dawn raid by police with a warrant empowering them to search for weapons.

Hampton, 21, Illinois Black Panther leader, and Mark Clark, 22, Peoria Black Panther leader, were slain in the raid. Police confiscated 17 firearms, including a shotgun stolen from a police car, and one pellet gun from the apartment. They also found 1,400 rounds of ammunition.

A coroner's jury spent 12 days investigating and ruled that the Hampton and Clark killings were justifiable homicide.

\$25,000 To U-M

ANN ARBOR (AP)—Xerox Corp. has donated \$25,000 to the University of Michigan to help equip the Power Center for the Performing Arts, currently under construction.

The major donor for the center is Eugene B. Power, chairman of the board of University Microfilms Inc., an Ann Arbor-based subsidiary of Xerox.

Among the papers and books was a school ledger containing the names and ages of many Fairport, Garden and Manistique persons, and carrying the names of Mattie and Lucy Elliott, teachers of all grades first through 12.

A ledger containing records of the operation of the stage line was found, showing the fares paid by passengers; and there was also a heavily bound ledger containing billings of the Jackson Iron Co. and many others. The accounts were those kept by Antoine Deloria in the period 1870-1900.

The handwriting, perfect as print, is a model of the days before use of typewriters caused most people to scribble rather than pen their words carefully.

Fewer Michigan Elderly Applying For Tax Relief

LANSING (AP)—The State Department of Administration reports some 11,000 fewer senior citizens applied for property tax exemptions in 1969 than the previous year.

George Washington, department director, said many of the applicants filed for exemptions under the veterans tax exemption program, which gave them a more liberal exemption.

"Some of the prior year applicants were eliminated from eligibility this year because of rising property tax assessments which placed their property at a valuation in excess of \$10,000 state equalized valuation," Washington said.

Legislation now awaiting signature by the governor will allow more senior citizens to receive property tax exemption in 1970.

"We aren't sure at this time how many more of our senior citizens will qualify for this exemption," Washington said, "but it could be as much as an additional 25 per cent."

There were 182,449 applicants for the property tax exemption last year, down from 193,509 the previous year. The average exemption was \$110.

The total paid out by the state last year was \$20.22 million, down from \$21.05 million the previous year.

"That They May Rest Forever Protected from the Elements of the Earth"
AT NO GREATER COST THAN THE BEST OF GROUND BURIAL
The UPPER PENINSULA'S FIRST CHAPEL MAUSOLEUM

Gardens of Rest **Chapel Mausoleum**

To be located on **GARDENS OF REST MEMORIAL PARK** at Wells, Michigan
"A Shrine recognizing Death in its true perspective as the beginning of Eternal life."

AUGUST BRAZEAU, PRESIDENT

The Chapel

FOCAL POINT. The beautiful chapel will feature facilities for the services of all religious faiths. Tastefully carpeted and air-conditioned. Designed with reverence in mind, it is the focal point of this 540 casket space facility. The chapel will be available to crypt and niche owners at their request. With the chapel, the entire atmosphere changes to that of a church rather than a tomb.

CONSTRUCTION PLANNED FOR 1970

Having our roots deep in the future of Delta County, we pledge to you that the "Gardens of Rest Chapel Mausoleum" will be the most beautiful Mausoleum possible to build anywhere.

WRITE OR PHONE TODAY

SEE THE ENTIRE PLANS FOR YOURSELF

Our plans include many facilities never before available in this area.
Beautifully hardwood panelled entry lounges for receiving friends.
Entire building air-conditioned for all seasons.
Marble from all parts of the world to achieve the desired colors.
Granite for durability — natural stones for ruggedness and heavily reinforced concrete for the crypt walls to solidify the entire building.
All crypts double vented.
Couch crypts plus alcoves with stained glass windows.
Beautiful wall section of niches for cinerary inurnment.

Those who select now will benefit in both price and choice of location and will be recognized as founders of this finest of all entombment arrangements.

In cooperation with your own funeral director and clergyman, services may be held in this beautiful chapel. Inside in air-conditioned comfort, dignity and security. Protected against severe, uncomfortable weather — without rain, wind or cold temperatures — at a cost no greater than the best ground burial. Why subject yourself or your family to outside, unpredictable graveside services and continuously fight the elements through the years for future visitations?

COMPARE this atmosphere, INVESTIGATE —then decide.

CHAPEL AREA TO BE KNOWN AS FOUNDERS SECTION
Have the prestige for your family of owning your crypts in this "one time only" section nearest the chapel. During construction savings are tremendous over completed building prices. Be a "FOUNDER" and receive this maximum savings.

Because the mausoleum is brand-new in the Delta County area, education is our prime interest. It is time saving for us to talk to groups of 4 to 400.

As a fund raising project, we offer all clubs, church groups, or any service or charitable organization an opportunity to see an entertaining and educational slide lecture. Funds raised simply for attendance. No follow-up calls except by request.

Call 786-0845 for information.

Over two thousand groups in other areas have raised funds with this program.

YOU WILL WANT TO KNOW

WHY ABOVE GROUND BURIAL?

Above ground entombment has been the preferred method of burial since the early beginnings of most Bibles. Precedent was set long ago for the distaste most of us have for below ground burial.

IT SOUNDS EXPENSIVE—WHY ISN'T IT?

Mausoleum previously was reserved only for the famed or very wealthy. Today, for those wise enough to acquire before construction starts, crypts for your family need not cost any more than the total cost of the best of ground burial.

MUST I PAY ALL AT ONCE?

Far too many families put off and put off making a decision on their burial property until the decision must be made hastily, at the time of grief. This, many times creates a cash hardship. Crypts acquired now can be paid for over an easy period of time and you can be sure of selecting what you want together.

WHAT IF SPACE IS NEEDED BEFORE COMPLETION?

Temporary entombment spaces are available now at no charge if a purchaser of a crypt should have a need prior to the completion of the "Gardens Of Rest Chapel Mausoleum."

MAY A PERSON INTERRED ELSEWHERE BE MOVED TO MAUSOLEUM?

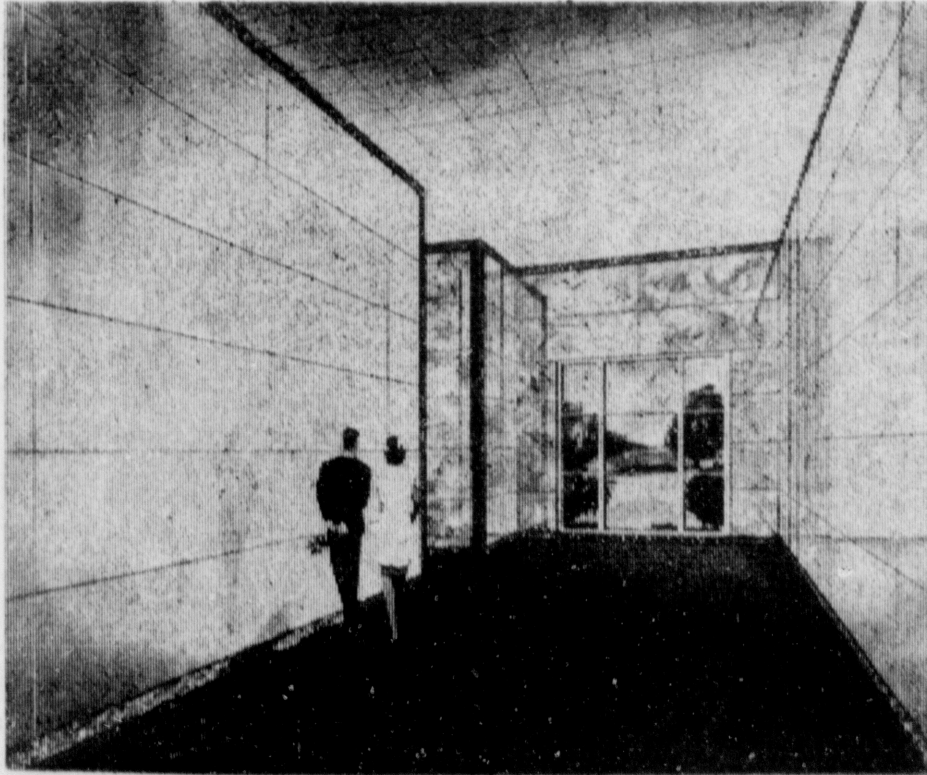

Family members interred elsewhere may be removed to the "Gardens Of Rest Mausoleum." Many families have been reunited in this manner.

IS ENTOMBMENT AVAILABLE TO ALL FAITHS?
Mausoleum entombment is approved by virtually every religious faith. Complete facilities to serve anyone will be available.

WHAT ABOUT FUTURE CARE?

Our price covers all present and future costs. In the "Gardens Of Rest Chapel Mausoleum" a substantial portion of the price of each crypt, niche or family room is placed in an irrevocable trust fund to assure future care and permanent maintenance.

A FINAL RESTING PLACE OF EVERLASTING BEAUTY

One Of Our Burial Corridors—Clean, Dry and Protected.
Warmly designed in solemn splendor. Your loved one's memory and memorialization is secured in the protection of clean, white, dry crypt spaces, faced with soft tone, gleaming marble-giving you beauty, dignity and permanence above the earth instead of in it. Carpeted and air-conditioned with soft music for visitation comfort.

Voting Change

Michigan's new law which reduces the size of voting precincts may create some hardships for municipalities and townships, but the action seems to be one which was needed.

The law provides that any paper ballot precinct which has more than 400 registered voters be divided, or if the number of registered voters is over 400 but less than 1,400 that voting machines be installed. In Delta County, according to County Clerk William E. Butler, there are several circumstances in which the law would apply.

In Gladstone, four paper ballot precincts are being converted to two machine precincts. Had this action not been taken by the City Commission, it could have been required to make some changes or possibly had changes made for the city by state officials. Butler pointed out that Ford River Township has ordered voting machines to take care of its problem. He said there are several other townships which will have to do something to comply with the law.

The new statute, of course, could be regarded as drumming up business for the voting machine companies. Many townships which have over 400 registered voters may be understandably reluctant to divide a precinct. This would require a second crew of election workers and, perhaps, a second polling building, although as Gladstone has demonstrated by voting all four precincts in the City Hall that it is possible to have more than one precinct in a building. Installation of voting machines, on the other hand, avoids all of those problems, but it does force a cash outlay to pay for them.

Nevertheless, the voting machine route seems the most logical.

Many cities, including Escanaba, and townships, including Wells, have used voting machines for a number of years with good results. There is an initial period of acquainting voters with the mechanics of the machine and not an ideal write-in capability — witness the horrendous mess with machine tapes during the Bay de Noc Community College Board of Trustees election — but otherwise the machines have been well received.

If for no other reason than making the task of counting votes infinitely easier the machines are valuable. Newsmen will testify that on election nights the results from machine precincts are almost always received well ahead of totals from paper-ballot precincts.

Reducing the size of the paper ballot precincts to somewhere under 400 registered voters should help the counting problem, even if the governing body elects not to turn to voting machines. Reducing the number of voters in a precinct also should reduce the possibility of errors. Presumably, the Legislature or the Michigan Secretary of State's office did some research on optimum precinct size before settling on 400 paper or 1,400 machine voters.

Whatever the reasoning, however, the move is a step in the right direction.

The nation's voting percentage compared to that of other countries in the world is not very impressive. And anything that can be done by the government to make voting easier — cutting the number of voters or putting in machines certainly should make the voting process speedier — should be implemented.

Government Pay

It has been an old tradition among government workers to create the impression that they are underpaid and that they continue at their jobs solely out of a desire to serve public interest.

While not questioning the dedication of public servants it should be pointed out that the Tax Foundation, Inc., has discovered some interesting information which destroys the illusion about poor pay for government workers. According to foundation statistics, the average employee of government—federal, state or local—is paid far better than his counterpart in private business and industry.

What's more the wage gap has steadily increased.

The Tax Foundation reports that in 1950 the average annual salary of fulltime employees in business and industry was \$2,988 and \$3,033 for the government worker, a difference of \$45. By 1968 the government employee averaged \$7,265 a year while his free-enterprise counterpart received only \$6,634, which is 631 less.

It view of the pay, it is not surprising that government, excluding military personnel, also experienced the fastest growth in terms of employment during the same period, jumping from 6 million in 1950 to 11 million in 1968, almost double.

In the private sector, the number of workers rose from 42 million to 56 million, an increase of one-third.

The government percentage of the total labor force also grew in the same time span, from 12 per cent in 1950 to 16 per cent in 1968, with a corresponding decrease in the private sector, from 88 per cent to 84 per cent.

What has happened is that as government at all levels has taken on more employees and paid them better and better, the cost of government has also risen. The result is that there are relatively fewer and fewer people working in business and industry paying a heavier and heavier tax burden.

The public should ask itself, what will happen if this trend continues?

Will tax-paid government jobs prove so lucrative that employment in the private sectors becomes unattractive? Will government, in other words, simply swallow up the entire labor force, leaving free enterprise without its necessary manpower?

Peninsula Potpourri

The Crystal Falls City Council accepted the bid of the first National Bank of Crystal Falls to purchase the city's \$400,000 in general obligation bonds for hospital expansion. The bid for the purchase is at an interest rate of 6 per cent. The term for the bond issue is 10 years.

Clergymen Disturbed By Report On Indians

By JEAN WORTH
Of Panax Newspapers

Upper Peninsula clergymen were most "shook" in the 12th annual U. P. Clergy Conference at Northern Michigan University by an Indian's description of the area's discrimination against its Indians.

The condition of the Upper Peninsula Indians has been a continuing concern of the Conference, but despite increasing efforts to help the Indians, reports like the one given by clergymen indicate that not only are they not being helped much, but that their situation is deteriorating further.

The speaker was Mark Perrault of L'Anse, director of Inter-Tribal Councils of Michigan and a member of the Michigan Indian Affairs Commission. He spoke calmly and assured the clergymen "that we are not going to burn things" in protest, but he made his audience thoroughly uncomfortable with a report on his judgment of the white community's treatment of Michigan's Indians.

More in Prison
There are, he said, more Michigan Indians in prison than in college.

Eighty-five per cent of Indians are dropouts in his home in L'Anse-Baraga area and "we're not so concerned about getting them into college, because we can't even get them through high school."

Perrault had some hard things to say about his fellow members of the State Indians Affairs Commission.

Upper Peninsula members, beside Perrault, are Atty. James Fitzharris of Escanaba, noted for his identification with Indian claims against the federal government which have resulted in the award of millions of dollars to tribes which were adjudged cheated in the cession of their lands to the federal government in Michigan in the 19th century, and Dr. William Butt, of Escanaba, academic dean of Bay de Noc Community College, whose interest in Indian problems precedes his coming to the Upper Peninsula and dates to his service at Central Michigan University. Mr. Pleasant is a northern Lower Peninsula center of Indian population.

"The Indian Affairs Commission" said Perrault "doesn't even recognize that the Indians need help, or won't admit it. And if they won't recognize it who will? They were set up for this purpose!"

Most Are Indians
Perrault had an answer for that question when it was raised by a person (not Dr. Butt, who is not a clergyman and who was not in attendance at the conference) in the conference workshop sessions on Indian problems. The Indian members of the commission, he said, relating them to the "Uncle Tom" (white) Negroes of derision in our racial contests, "are Uncle Tom-ahawks!"

Dr. Butt suggested that it is easy to discredit sincere effort to aid the Indians. The great impediment to progress, he said, is the necessity for Indian cooperation to achieve integration into white culture which remains somewhat alien to them. They do not accept some of its values.

Has Limited Budget
The Indian Affairs Commission, he said, has a limited

budget and its real function is not to aid the Indians directly, because it lacks the means to do this, but to see that the governmental agencies which are charged with care of the Indians perform their duties.

"We operate mostly as lobbyists," he said, "seeing that the Indians get services as full citizens of the state."

"We are not demanding things," said Perrault, "We only want to be treated like men. We have never had that privilege."

He said that there are an estimated 20,000 (quarter blood) Indians in Michigan. Other estimates put the state's population of persons with that much Indian blood at about 12,000. Perrault says that about 1,000 Indians live on the four reservations in the state, one at Mt. Pleasant, and three in the U. P. at L'Anse, Nainahville and Bay Mills.

Housing Sub-Standard
Ninety per cent of Indian housing, he said, is sub-standard with many Indians living on dirt floors. The educational problems of U. P. Indians are "tremendous." The high school dropout rate is as high as 85 per cent and there is a prejudice against Indians in the schools.

"Most people realize that there is prejudice, but they won't recognize it. Indians who try to attend school have a clothing problem. They are denied hot lunch if they can't pay for it, he charged and he described an incident in which a 7-year-old Indian boy was ordered by his teacher to stand for the class' attention while the teacher said that Indians were supported by the federal government and that if he did not behave he would be reported to the federal government.

"People think that if you're an Indian your educational problems are solved," said

People, Events Of Yesteryears

From the files of the Escanaba Daily Press

25 Years Ago

Gird Nilsen was elected second semester president of the Escanaba Senior High School Mortarboard Girls at their meeting. Phyllis Elliott is the new vice president, and other officers will be Anna Mae Loveland, secretary and Gladys Schmelzer, treasurer.

"A House With Many Windows" was the subject of an interesting reading by Mrs. A. V. Aronson before the members of the Escanaba Business and Professional Women's Club at their regular meeting at Belle's Coffee Shop.

50 Years Ago

Charles E. Lewis of the law firm of Lewis & Pierson has been named chairman in Delta County for the campaign of Frank O. Lowden for the Republican nomination for the presidency, it was announced by P. J. O'Brien of Iron River and William E. Hill of Peoria, Ill., who visited this city in the interest of the Illinois governor's drive for support.

C. J. Byrns, manager of the Birds Eye Veneer Co., was made vice president of the Michigan and Wisconsin Veneer Association at the annual meeting of the association held in the Hotel Phiester in Milwaukee

Perrault "but they can't provide even the clothing, can't enter the social life.

Unemployment

"Over 90 per cent of Indians on our reservations are unemployed or underemployed. Their health problem is quite bad. They get help from the U. S. Public Health Service office at Rhinelander, Wis., but its total budget for health care for Michigan Indians is only \$21,000 a year. We have kids who want to go to school but can't because their teeth are so bad. The local social services say 'You've got your own program!'"

"We have over 20,000 Indians in Michigan and 80 per cent of them need help of some kind. We are not well organized. We need recognition. The federal-state budget to help Michigan's Indians is only \$50,000 a year and Minnesota — with about the same size of Indian population — gets \$4 million."

Priest Shocked Over Dope Use

DETROIT (AP) — A priest whose parish is the pit of narcotics traffic in New York says he is shocked at how many Grosse Pointe youngsters personally know users of heroin and marijuana.

"I just wasn't prepared for the response. I've been in places across the country and I've never had a reaction like this," said the Rev. Father Daniel Egan, known as the "Junkie Priest" for his 20 years of work with female drug addicts.

Father Egan had conducted a one-day "no adults" conference with students from ten Grosse Pointe public and private schools this week.

He said 90 per cent of the students raised their hands when he asked how many actually had observed youngsters who frequently smoked marijuana. A "little bit less than half the audience" knew youths who inject heroin by needle.

"I tried to brush it all aside," Father Egan recalled, "and said, 'Well, you must all know the same 12 kids.'"

"But I knew that couldn't be. There were ten schools represented there," he said.

The priest said he believed the students were being honest. "I just wasn't prepared. Here are kids who have everything. I didn't expect it."

However, Raymond Robbins, headmaster of University-Liggett School where the conference was conducted, was skeptical about Father Egan's statistics though Robbins agreed a problem exists.

Bomb Explosion Rips U.S. Billet

SAIGON (AP) — A bomb exploded in a restroom off the balcony of a downtown movie theater Friday and blew a gaping hole through a wall of a U.S. officers' billet next door.

Moments after the blast hundreds of young moviegoers streamed out of the theater, some of them bleeding. Several young Vietnamese girls were crying in panic.

There were no reports of any casualties in the officers' billet.

Opening lead—king of spades. Declarer is frequently forced to find the winning line of play because the logic of the situation demands it. In such hands he proceeds on the basis that the outstanding cards are divided in a specific way, for, if they are not, he cannot make the contract.

Take this hand where West starts with the A-K of spades. South ruffs and there seems to be very little to the play, since he can count ten tricks in hearts and clubs.

But a complication arises when he leads a trump to the king, West showing out. If South draws East's two remaining trumps at this point, he will be unable to cash five club tricks, since he has no further entry to his hand after cashing dummy's high clubs.

If he stops drawing trumps in order to first cash the A-K-Q of clubs, he runs the risk of East's ruffing one of them for the setting trick.

What does declarer do in such a predicament? The first thing he does is allocate the missing cards in a way that permits the contract to be made. To play on any other basis would be equivalent to giving up.

The outcome of the hand obviously depends on how the clubs are divided. South dismisses from consideration those hands where East has less than two clubs. He must go down if East has either a singleton or a void.

He next turns to cases where East has two, three, four or five clubs. In all these cases he can guarantee the contract by proper play.

South stops drawing trumps and cashes the A-K of clubs, both opponents following suit.

Since it would be dangerous to continue with the queen—East might have only two clubs and ruff—South reverts to drawing trumps. He cashes the A-J, being careful to discard the queen of clubs from dummy, and is thus able to cash his remaining clubs.

Lawmaker Wants Exemptions Cut

DENVER (AP) — A bill to permit Colorado taxpayers to claim only two of their children as dependents for the state's \$750-per-dependent income tax deduction was introduced in the state House of Representatives by Rep. Richard Lamm, D-Denver.

Under the bill, Lamm said, "the state would no longer subsidize unlimited numbers of children." Lamm described the measure as his answer to the threat of overpopulation.

"We have a choice of letting the death rate go back up or bringing the birth rate down," he said. Present rates are dooming future generations."

More than six times as much water flows across the United States in the air as is carried by all its great rivers, but only 5 to 15 per cent reaches the ground.

Ann Landers

Bits Of Philosophy Keep Youth At Ease

Dear Ann Landers: I am a high school senior who doesn't know a lot about life, but from what I see and hear and read, I get the idea that just living today takes more courage than it did when there were less people in the world. We all need little bits of philosophy to hang on to. Here is something that helped me do things I wouldn't have done if I hadn't had this little piece of paper in my wallet.

Don't look. You might see.
Don't listen. You might hear.
Don't think. You might learn.
Don't make a decision. You might be wrong.
Don't walk. You might stumble.
Don't run. You might fall.
Don't live. You might die.

—Cincinnati

Dear C.: Heaven only knows how many opportunities were lost because someone didn't have the courage to try. Thank you for sharing.

Dear Ann Landers: Dad and Mom have been separated a couple of times but they are back together. The early complaints were against Dad. Mom was sure he was seeing other women.

Now that Dad has grown up and is behaving better, Mom has gone off her rocker. She is having a telephone romance with some guy. She picks up the phone, dials a number, hangs up and waits a few seconds. Then she dials the same number again and hangs up. She does this three or four times in a row and stands by the phone and waits for someone to call her back. She will not let any of us kids near the phone. I'm sure it is some sort of planned setup.

I don't know if Mom ever meets this guy, but if it's who I think it is, Dad would knock his block off. He's supposed to be a family friend. Should I say something to Dad? I feel like a rat keeping quiet.—My Father's Son

Dear Son: If you feel like a rat keeping quiet, what do you think you'll feel like if you sink on your mother?

If something funny is going on, your Dad is bound to learn of it. My advice is to keep quiet. Then when the feathers hit the fan, and they will eventually, you will have no cause to feel guilty.

Dear Ann Landers: My boyfriend is with the U. S. Army in Vietnam. He left the States 96 days ago. Communications were perfect until five weeks ago. Suddenly the letters stopped coming. I haven't had a line from him in 36 days and I'm worried sick. My letters have not come back so I don't know if he has received them or not.

His parents live on the other coast and I've never met them. I don't want to alarm

anyone by calling and asking if they have heard from him. Is there any way I can find out if he is all right? Please help me. I am frantic.—Betty

Dear Betty: Write to The Office of the Adjutant General of the United States Army, Washington, D. C. Give them your friend's name, rank, serial number and last address. Good luck.

Drinking may be "in" to the kids you run with—but it can put you "out" for keeps. You can cool it and stay popular. Read "Booze And You—For Teen-Agers Only." Send 35c in coin and a long, self-addressed, stamped envelope with your request.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper, enclosing a self-addressed and stamped envelope.

Fusion Weapon Plans Explored

WASHINGTON (AP) — The United States disclosed today its nuclear weapons experts have lately been testing "new weapons concepts" conceivably dealing with such bizarre weapons as the laser bomb, the neutron bomb, and the "pure fusion" hydrogen bomb.

But the government also revealed there would be some delay in completing expanded facilities for producing some of its most modern present weapons—including warheads for the "Safeguard" antiballistic missile system.

The atomic energy commission told about both projects in its annual report to Congress covering the previous 12 months.

The commission gave no details about the new weapons concepts. But AEC weapons officials have previously disclosed to the Associated Press that:

—The United States is trying to develop "pure fusion weapons"—that is, hydrogen bombs and missile warheads that would not require an A-bomb fission trigger and would therefore be free of radioactive fallout.

—The AEC is also still trying to develop the fearsome "neutron bomb," which has been described as a kind of death-ray weapon.

—Commission scientists maintain a new kind of hydrogen bomb—a "laser bomb"—is a theoretical possibility, but a highly remote one.

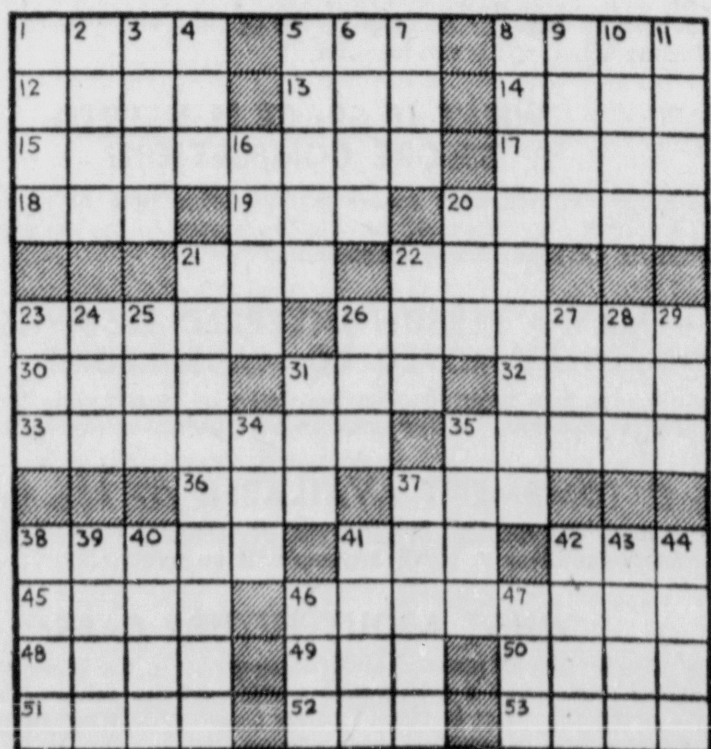

A laser bomb would be an H-bomb in which the intense heat of a laser beam—perhaps the most powerful and concentrated form of light in the universe—would be used to trigger the hydrogen explosives, instead of the A-bomb trigger now required.

'Everything Go' For Ski Flying Event

IRONWOOD (AP) — Likely the most spectacular ski show the United States ever has seen will be put on Feb. 27-March 1 on the outskirts of this city of 10,265 on the Wisconsin border at the extreme western edge of Michigan's snow-filled Upper Peninsula.

The upcoming show will be the first ski flying tournament ever held in the Western Hemisphere. It is expected to attract upward of 30,000 spectators.

The United States has no more

than six or seven ski riders expert enough to compete in this tournament, where leaps of 500 feet or more are anticipated. The North American ski jumping record is 338 feet.

Competitors will come primarily from Europe and Japan. Earl Minkin, tournament manager and one-time U.S. Olympic jumper, said 32 fliers from 12 countries have indicated they will appear.

The Ironwood tournament is sanctioned by both the United

States Ski Association and the International Federation of Skiing (IFS).

Ski flying and jumping are similar, except fliers go faster and further and use a somewhat different technique. The world's ski flying record of 541 feet was set last March by Manfred Wolf of East Germany at Planica, Yugoslavia.

The Ironwood tournament will be held at Copper Peak, where a flying hill has been developed through \$1 million raised local-

ly and through loans and grants from the federal government and Great Lakes Regional Commission.

A tower on which fliers begin their take-off rises 241 feet above the crest of Copper Peak, which itself rises 364 feet. A 180-foot elevator takes fliers part-way up; they walk the rest of the way.

From a take-off of about 75 miles an hour a ski rider flying 500 feet will fall some 200 feet—equivalent to the height of a 20-story building—before landing. His forward motion, coupled with his landing on a sloping surface prevents what otherwise would be a killing shock.

It will take some \$25,000 and almost a month to shape and pack the Copper Peak slide and outrun from approximately two feet of snow already aground.

There are only five ski flying hills in the world—in Norway, West Germany, Austria, Yugoslavia and Michigan.

Minkin has announced that Jiri Raska of Czechoslovakia, who leaped 538 feet last year in Yugoslavia, will head a six-member Czech team. Others include Zeynek Hubac, Ladislav Divila, Rudolf Doubek, Josef Kraus and Frantisek Rydval.

Minkin says Sepp Bradl has committed himself and four fellow Austrians to compete here. Laszlo and Mihaly Geller of Hungary and Lars Grini of Norway are other entrants, and Minkin says Nello Halonen, a Finnish coach, has promised to bring at least two competitors.

In addition, he said, the Soviet Union is committed to send four and Yugoslavia three, but neither has yet named its individual participants.

Gene Kotlarek of Minneapolis, Minn., a former U.S. record holder and Olympic team member, says possibly four or five of a nine-member U.S. team training for world jumping championships in Czechoslovakia are qualified to compete in a flying tournament. He anticipates some of them will enter here.

Kotlarek, now a ski jumping coach, said those on the U.S. team he feels capable of competing here are Adrian Watt and Greg Swor, both of Duluth, Minn.; Bill Bakke of Madison, Wis.; Jerry Martin of Minneapolis, and Bruce Jennings of New Hampshire.

Kotlarek said Dave Hicks and Dave Lundmark, also of Duluth and member of previous U.S. jumping teams, are others he considers qualified.

An adult ticket covering all three days here will cost \$18; a child's \$9. Single admission adult charges are: Friday, \$5, Saturday, \$7.50, and Sunday, \$10.

Chrysler Corp. Earnings Drop In Last Quarter

DETROIT (AP)—Chrysler Corp. reported Friday a net loss of \$4.4 million for the fourth quarter of 1969 compared with earnings of \$112.2 million for the same period in 1968.

For 1969 as a whole, the company said net earnings dropped 69.5 per cent to \$88.8 million from the \$290.7 million recorded in 1968.

General Motors, the largest automaker, reported Thursday that its net earnings for 1969 dropped \$21 million from the previous year despite record worldwide sales of \$24.3 billion. Earnings dropped \$86 million in the last three months alone, compared with the previous year.

Chrysler's yearly earnings figure was its lowest since the \$65.4 million recorded in 1963. The fourth quarter net loss amounts to 10 cents a share, compared with a gain of \$2.39 a share in the last three months of 1968.

Training Set

LANSING (AP)—The State Employment Security Commission reports it is starting four classroom training programs for unemployed or underemployed persons in Michigan. These include the training of 40 persons as general clerks at Flint, 32 workers as auto mechanics at Marquette, 20 workers as welders at Alpena Community College and 15 ward clerks at Saginaw.

HE'S GOING AFTER "Superior Tree No. 93" in the Hiawatha National Forest. Marvin June of Munising, with high-powered rifle, is prepared to shoot the top out of the tree, and the top will then become a new and superior seed-producing tree, basis for an improved forest.

Shooting Trees Puts Superior Forest In Bag

By EVANS E. LUTZ JR.
Timber Management Staffman

Foresters armed with rifles are stalking the northwoods this week. No, they do not have a special deer season nor are they looking for a marauding grizzly bear. They are shooting trees, no less.

This is the first step in a genetics program to improve forest management on the Hiawatha National Forest.

Congress has set a goal of 26 million new homes by 1978; this is 2.6 million per year compared to the current 1.5 million. Most of these will be made of wood.

Our land base for growing timber is shrinking. One of the ways to grow more wood on the same amount or less land is to grow superior trees. Superior trees are trees that have better form and are faster growing than other trees of the same age. They are straighter, taller, contain a larger volume and have a smaller crown to bole ratio.

Twice The Volume
Foresters on the Hiawatha have been searching for and

mapping the locations of superior trees for several years. So far, they have located 48 superior white spruce, 5 superior black spruce, 6 superior yellow birch, and 1 superior jack pine.

Many of these trees approach or exceed 100 per cent superiority; that is, they have twice as much volume of wood per tree as the average tree of the same age and species, in addition to having better form.

These superior trees are marked with white paint. If you notice one of these trees in the woods, stop and look at it and compare it with other nearby trees of the same age. Note how much bigger and "better looking" it is.

In January, limbs or tops are literally shot out of these superior trees to provide scions (branch tips) for grafting to other root stock. One tree top will provide about 75 grafts.

How It Works
These grafts are then grown in a nursery and will be producing cones within 3-5 years. This is possible because the grafted branch tips are the same age as the parent tree; i. e., if the parent tree is 60 years old, the new grafted trees will be in effect 60 years old and will produce cones the same as a 60 year old tree will.

Seeds from these cones will be grown in a nursery until the seedlings are 3 years old, then transplanted in the woods on the Hiawatha National Forest. The Hiawatha has 500 successful grafts now growing in the nursery.

All of the needed superior white spruce have already been located, and the black spruce program will be finished by July, 1970. The main emphasis for the next few years will be the location of superior yellow birch and sugar maple trees.

Increases Okayed For Blue Cross, Blue Shield Unit

LANSING (AP)—Increases in rates for Blue Cross and Blue Shield medical insurance have been approved by the Michigan Insurance Bureau.

The rates, covering the second quarter of 1970, go up an average 5.3 per cent for Blue Shield and 2.4 per cent for Blue Cross.

Rates for senior citizens under a contract supplementing the medicare program will go up 50 cents a month, to \$5.47.

A public hearing was conducted last month on the proposed increases. At that time, Marvin Novick, a vice president of Michigan Blue Shield, estimated that the new rate schedule would raise some \$600,000 in additional revenue. In a year's time, that would be \$2.4 million.

Douglas Fraser, an executive of the United Auto Workers Union, had urged Gov. William Milliken and State Insurance Commissioner Russell Van Hooser to investigate.

Former Isabella Resident Shot On Police Duty

A former Isabella resident was shot three times Friday afternoon as he stopped a motorist for a license violation.

Blaine LeGault, 25, son of Mr. and Mrs. Henry LeGault of Isabella, was shot twice in the stomach and once in the arm by a motorist he stopped in Dane County near Madison, Wis. LeGault is a Dane County deputy sheriff.

Police said LeGault had stopped Virgil Coleman, 61, an unemployed factory worker, for driving on expired license plates when the motorist pulled a gun and shot the officer.

LeGault struggled to his car, police said, and radioed for help after Coleman jumped in his car and drove away.

According to reports, Coleman was killed a short time

later when he tried to shoot it out with officers who spotted his car while on patrol.

LeGault is listed in serious condition this morning at Madison General Hospital. Doctors say, however, that his condition is improving.

LeGault is a 1962 graduate of Nahma High School, and spent several years in the Air Force before moving to Madison.

Census Center Opened; Jurmu Is Supervisor

Congressman Philip Ruppe announced today that Jeff Jurmu of Escanaba has been selected for the number two Upper Peninsula census position.

Jurmu was originally interviewed by District Manager Mrs. Gloria Hansley, Escanaba, and passed a civil service examination to qualify for his position.

A field supervisor, Jurmu will be responsible for the organization, training and direction of a field force that is expected to number better than 450 enumerators and crew leaders.

Jurmu is an Upper Peninsula native and is a recent graduate of Northern Michigan University where he served as editor of the "Northern News." Congressman Ruppe said he understands that District Manager Hansley plans to place Jurmu in charge of public relations aspects of the census.

Congressman Ruppe said the District Census Headquarters is now open for business at 1930 N. Lincoln Rd., Escanaba. The telephone number is 786-6286. To complete the office staff, Mrs. Hansley has appointed Mrs. Ray Richards as administrative clerk and Mel Trams as assistant clerk.

Shrine Club Elects Officers

At the first meeting of the new year of the Delta County Shrine Club the following officers were elected: John McEllhattan of Gladston president; Nels Ebbesen, vice-president; Gunnard C. Beck, secretary-treasurer.

Hans P. Johnson again accepted the chairmanship of the annual Shrine Charity Ball to be held at the Terrace Supper Club on April 25. Details will be announced later.

Perkins Legion Meeting

The American Legion and Auxiliary will meet Tuesday at 8:30 p. m. at the home of Mrs. Leo Miljour.

Briefs
Mr. and Mrs. Gerard Depuydt spent last weekend in Iron River visiting Cpl. and Mrs. Richard Depuydt. They also visited Mr. and Mrs. Fred Chenard in Kingsford.

Mr. and Mrs. Paul Hicks and children of Neagauene visited recently at the home of Mrs. Agnes Peterson. They also visited with the Gordon Nelsons in Gladstone.

Ottawa Forest Spot For Sports

Winter sports enthusiasts will find that the Ottawa National Forest in Michigan's Upper Peninsula, offers them the opportunity to participate in a wide variety of activities.

Whether a person's interest is in snowmobiling, ice fishing, either downhill or cross country skiing, snowshoeing, hunting, photography or scenic driving for pleasure, he will find the Ottawa truly a winter wonderland.

Snowmobiling is the fastest growing family winter activity in the nation today. For those with the urge to explore the forest depths or simply follow existing trails, the Ottawa offers the snowmobiler unlimited opportunities.

The Forest Service, in cooperation with private clubs and state agencies, has provided many miles of snowmobile trails.

They may be old logging roads, old railroad grades, or trails made by the Forest Service and others which wind through hardwood forests, pine plantations, and frozen swamplands. There are approximately 115 miles of forest-marked snowmobile trails.

Sylvania
The Sylvania Recreation Area near Watersmeet again will be open to snowmobilers whenever the snow depth reaches six inches.

Ice fishing is allowed on more than 500 lakes within the Ottawa National Forest under regular Michigan fishing regulations. Many of these lakes are accessible by way of plowed roads and almost all can be reached by snowmobile.

Numerous opportunities for both downhill or cross country skiing are available within the Ottawa National Forest. Cross country skiing is growing in popularity and with the rolling topography, combined with many forest trails, the Ottawa provides a real challenge to the individual who wishes to pursue this sport.

Snowshoeing
Snowshoeing is a popular leisure time sport particularly with local and area residents. The snowshoeing scenic interest, and location hand, will be rewarded with winter beauty at its best while hiking through the snow to one of the many waterfalls within the Ottawa.

Many miles of plowed roads are available for those who find pleasure in simply driving through the winter scene viewing the snow covered landscape and watching for a glimpse of a white-tailed deer in its winter yard.

Detailed information, including the locations of marked snowmobile trails, points of scenic interest, and location of plowed snowmobile trails can be obtained from the Forest Supervisor's Office, Ottawa National Forest, in Ironwood or from district rangers located at Bergland, Bessemer, Ontonagon, Kenton, Iron River and Watersmeet.

Newspaper Want Ads are a big sell! One billion, twenty one million was spent on classified ads last year . . . more than for all magazine advertising combined and more than 300 million more than radio advertising.

Economic Climb On Steep Grade

(Continued From Page One)

tight that already ailing housing industry might be paralyzed.

A balanced budget, he said, is the key weapon against all these. His budget going to Congress Monday will call for spending \$200.771 billion, allowing for a surplus of \$1.331 billion in the fiscal year starting next July 1. A \$1.5 billion surplus has been projected for the current budget year ending June 30.

Policies Backed

Nixon's Council of Economic Advisers in their detailed report to Congress on the economy backed the President's policies. The voluntary wage and price guidelines tried under previous administrations haven't worked in this country or elsewhere, they contended.

Nixon, listing his administration's guiding economic principles, gave top ranking to maintenance of a sound dollar not weakened by further inflation. A continually expanding economy was next on the list.

He called for more consistent government economic policies, without pushing "first the accelerator and then the brake pedal to the floor."

GNP Hike Seen
Nixon estimated the kind of policies he advocates would permit a moderate 5.5 per cent increase in the gross national product—the measure of goods and services produced—to a total of about \$985 billion.

The advisers said consumers are likely to boost spending \$40 billion this year, but the government, economizing on defense, plans to cut its purchases \$4.5 billion.

As inflation comes under control, they said, U.S. exports should move out faster—but there will be no quick return to the big export surpluses of the early 1960's.

New Farm Policies

Ranging broadly over the economy, the advisers' report mentioned as possibilities, though not necessarily recommendations:

—New farm policies emphasizing market conditions and moving away from high price supports on individual crops toward restrictions on total land use.

—Variable-interest mortgages that might encourage investors, now fearful of tying up money for long periods, to put more funds into the housing market.

—A tax on wastes discharged into the water or air, to pay for abatement costs and encourage industries to avoid pollution.

NOTICE

Preliminary applications for residency in the Escanaba Senior Citizens Apartment project will not be accepted after Feb. 6, 1970. Applications received after this date will be placed on a waiting list for consideration when vacancies occur.

NOTICE TO BIDDERS
Sealed proposals will be received at the office of the Board of County Road Commissioners of the County of Delta, Escanaba, Michigan until 9:00 o'clock, A. M., Eastern Standard Time, Tuesday, February 10, 1970. At said time and place bids will be publicly opened and read for furnishing said Board of Road Commissioners with the below listed items.
Item #1 Three 1 1/2 ton pickup trucks.
County owned pickups No. 142, 143 and 144, must be taken as trade-ins on this purchase.
Item #2 Three two wheel drive dump trucks, equipped with Under Body Scrapers and One Way Snow Plows. Minimum G.V.W. approximately 31,000 pounds. County owned trucks No. 422, 424 and 427 must be taken as trade-ins on this purchase.
Item #3 One Diesel powered Rubber tired front end loader, equipped with a hydraulic backhoe attachment and loading bucket. Operating weight of basic machine to be approximately 15,000 pounds. County owned front end loader and Backhoe No. 958 must be taken as trade-in on this purchase.
Item #4 One Diesel powered, Rubber tired, Front end loader with bucket. Operating weight of basic machine to be approximately 32,000 pounds. County owned track loader No. 981 must be taken as trade-in on this purchase.
Mail all bids to P.O. Box 298, Escanaba, Michigan.

'Tis The Season For Icicles In Escanaba

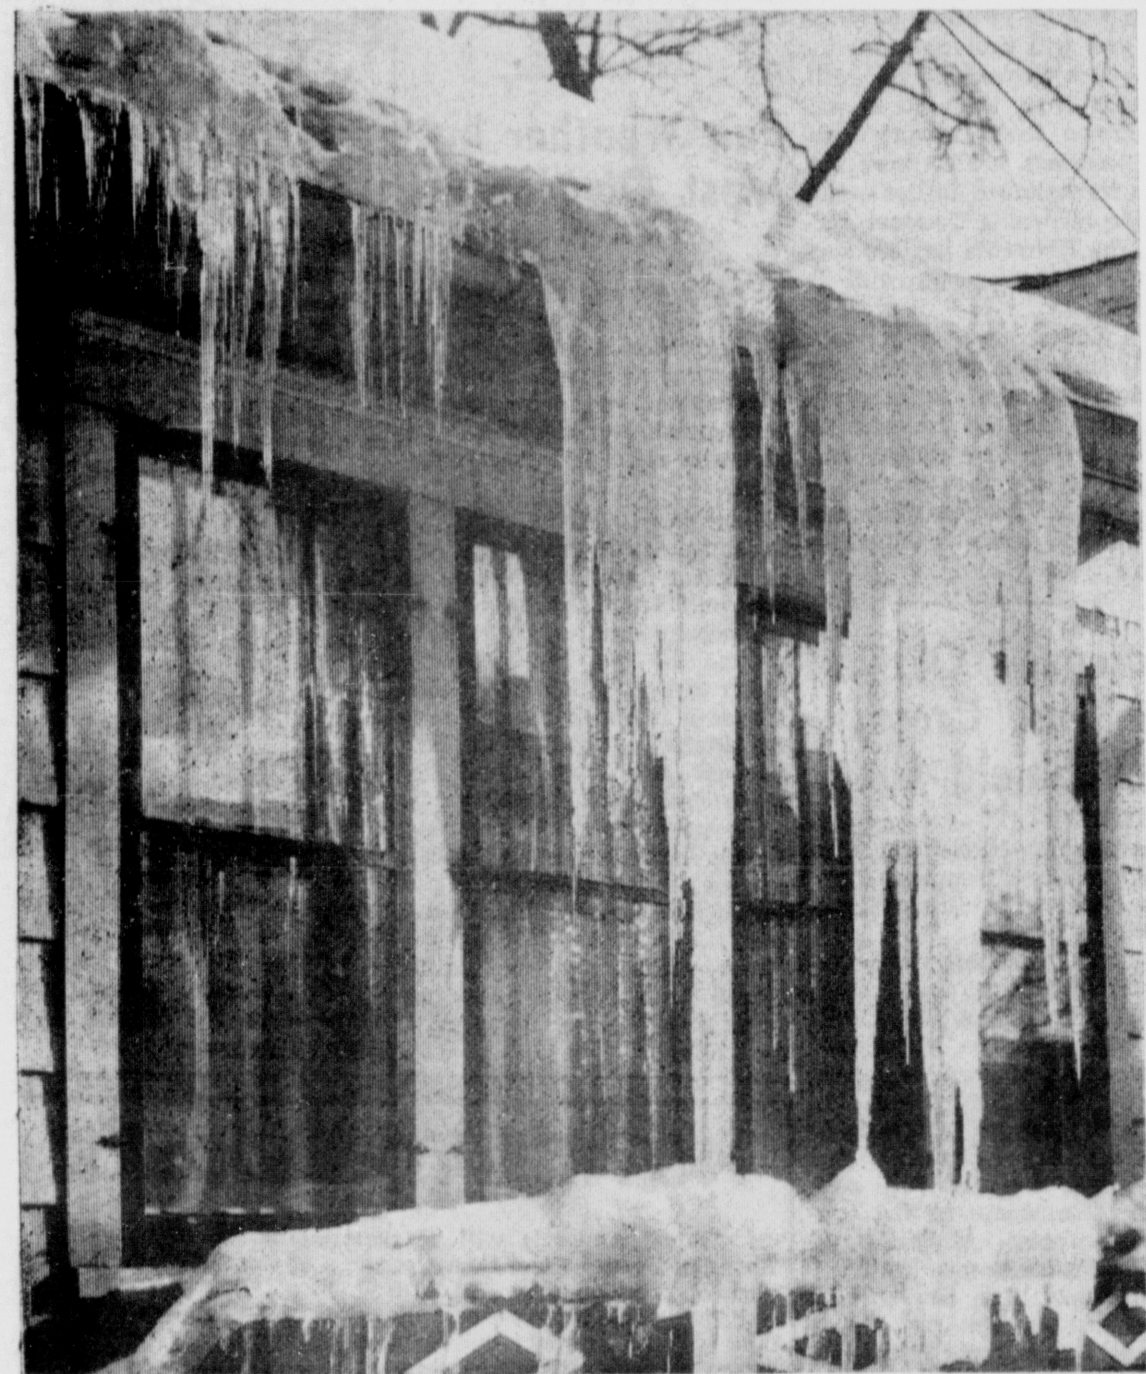

With the early snows providing moisture and the thawing temperatures and sunshine the necessary heat, icicles have laden the eaves of almost every home and building in Escanaba, providing an impressive show for a connoisseur of ice. Some of the winter scenery is out in plain view for the passers-by on the street, but often the better shows are found around back or on the sides of the homes.

The icicles here were found by Bernard Schultz, Daily Press photographer, in the eastern part of Escanaba. Some provide a vertical venetian blind outside, while others, center left, look almost like pillars as they stretch from the eave to the window flower box.

The home, lower right, is that of Rev. and Mrs. Ben Helmer, 220 S. 4th St., where the shadows and icicles combine for a striking winter portrait.

While the ice buildup is beautiful, it also is causing some problems for local homeowners as some roofs have leaked as ice backs under the roofing. To combat the problem, some people have shoveled snow off their roofs and used salt to melt the ice.

Inspections Out On Working Hours For State Women

LANSING (AP) — The State Labor Department reports that it will immediately stop making inspections involving the working hours of women employed by Michigan firms which come under federal law.

Barry Brown, department director, said the policy step was taken in accordance with a ruling by Atty. Gen. Frank Kelley.

Brown said Kelley's recent ruling "makes it abundantly clear" that the state law which prohibits women from working more than 10 hours a day and 54 hours a week has been superseded by the Federal Rights Act of 1964 in those establishments which are covered by the federal act.

The federal law covers all employers involved in interstate commerce which employ 25 or more employees for each working day in 20 or more calendar weeks in the current or preceding calendar year.

Brown said the attorney general's opinion makes it equally clear that the hours limitation set forth in the state law still applies to those employers not covered by federal legislation.

His department, Brown said, will continue routine inspections and respond to complaints from those establishments which do not come under the federal law.

Auto Production In January Hits Nine-Year Low

DETROIT (AP) — The nation's automakers report their smallest new car production for a January since 1961.

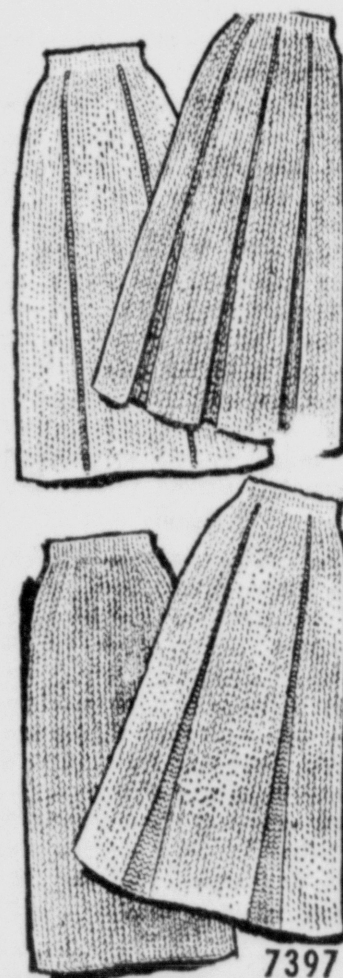

They were scheduled to produce 603,492 cars this month, off 45,150 units from January of last year, according to the trade publication Automotive News. They planned to assemble 156,341 cars this week, down 28,000 from the same period last year, reported the trade publication.

The 603,492 total for January was the lowest since 1961, when 416,111 cars were built.

Ford Motor Co., Chrysler Corp., and General Motors Corp. continued curtailing operations this week, due to affect more than 140,000 hourly rated employees. Only American Motors Corp., busy turning out its Gremlin to compete with small foreign cars, has resisted plant production cutbacks.

Domestic truck production remained near its pace of a year ago, as 38,381 assemblies this week were only slightly beneath the output of 41,822 the same week a year ago.

More people get more news from newspapers than all other sources combined.

by Alice Brooks

Actor Sharif Prefers Bridge

HOLLYWOOD (AP) — Omar Sharif is a highly paid international movie star whose dark good looks may cause the most heart throbs since Rudolph Valentino.

He has everything going for him, you might think, that a fellow could ask.

Not quite. Except that it would severely diminish his income, says the 37-year-old Egyptian, he would give up films for a career in professional bridge.

"At the bridge table I feel I am the captain of my soul and the master of my fate," the star of "Dr. Zhivago" told an interviewer. "I find myself hoping the game will never end."

Sharif, who plays as much as he can between movie jobs, is in town as a member of the Omar Sharif Bridge Circus. He and seven other foreign experts are playing top teams in big cities

around the country. The entourage came to the United States fresh from an 80-rubber match against British experts in London for one pound — \$2.40 — a point and side bets. Sharif and company pocketed about \$18,000.

Sharif says bridge is an ideal spectator sport, "more fun to watch than to play."

Spectators are admitted to his circus for \$3 each.

"It's a fast moving game, much faster than golf," he says. "A decision must be made every three or four minutes, and it takes longer than that to play a hole of golf. As a spectator, you see all hands."

As a man with a reputation for gallantry, what does he think of women as players? "Women aren't as good as men," he said ungraciously. "They can't concentrate as well."

Fraudulent Practices By Doctors Debated

DETROIT (AP) — Charges by a state legislator that abuses spread or serious as Zollar implied.

He also took issue with Zollar's claim that Medicaid payments dropped \$500,000 in September 1969 — the month the committee probe began — compared with the same month a year earlier. Zollar implied that the drop occurred because the existence of the investigation ended improper practices.

McCabe said that in the first half of 1968, Blue Shield held up payment on many claims at the request of the State Department of Social Services because the Legislature had not appropriated funds to cover the program. Many of those claims were paid later in the year when funds became available, causing the claims totals for the closing months of 1968 to be inordinately high.

In fact, McCabe said, for the year of 1969 as a whole, payments increased by \$5 million over 1968.

McCabe said he did not wish to imply that there were no abuses by doctors participating in the program. But, he added, the committee probe turned up nothing new.

continue to closely audit claims Zollar's charges, McCabe said, are "a misuse of the facts and an abuse of the legislative process." He also warned that such charges were dangerous because "an important program that provides medical care for the needy could be viciously destroyed."

Zollars charges, McCabe said, are "a misuse of the facts and an abuse of the legislative process."

McCabe said he did not wish to imply that there were no abuses by doctors participating in the program. But, he added, the committee probe turned up nothing new.

The findings are of a type that indicate a problem that we knew existed," he said. But, he charged, Zollar made his judgment "based on the exception rather than the rule."

Blue Shield, McCabe said, will

continue to closely audit claims Zollar's charges, McCabe said, are "a misuse of the facts and an abuse of the legislative process."

Women Students Club To Disband

KNOXVILLE, Tenn. (AP) — The Associated Women Students at the University of Tennessee has disbanded. Its president, Glenda Rae Ruby of Chattanooga, said there are no more issues of vital concern for women only, thus no more need for the organization.

The AWS was one of the oldest organizations at the university and fought many battles to gain equal rights for women.

Site Changed

LANSING (AP) — The State Natural Resources Commission will switch the location of its March meeting from Lansing to Ann Arbor so it can be held in conjunction with an environmental teach-in set for March 11-14 at the University of Michigan. Tentative site of the commission meeting is the Michigan League Building on the U-M Campus.

House Speaker In 'Movie Business'

ANNAPOLIS, Md. (AP) — As speaker, Thomas Hunter Lowe has been making a number of changes in the state House of Representatives, from new pages to new carpeting.

After Lowe had installed a huge movie screen on which proposed amendments could be projected, Sen. Harry R. Hughes referred to the House as "Lowe's State Theater."

Bonita J. Campbell, A. A. Carnevale Wed

Bonita Joy Campbell of Marquette became the bride of Alexander A. Carnevale of Pittsfield, Mass., during a 5 p. m. candlelight ceremony, Jan. 17, at the St. Louis the King Church at Marquette, Mich. The Rev. David Harris officiated the double ring ceremony.

Parents of the couple are Mr. and Mrs. Richard Campbell of Roseville, Mich., former Rock residents, and Mrs. Carnevale and the late Ralph Carnevale of Pittsfield, Mass. Maternal grandparents are Mr. and Mrs. Herman Heikkila of Rock.

The bride was given in marriage by her father and mother. Two bouquets of red and white carnations adorned the altar for the service.

Bridal Aides

Bridal aides were Mary Antonette, Las Vegas, Nev., maid of honor, and Dianna Schwenne of Marquette, bridesmaid. Serving as best man was Richard Fradkin, Pittsfield, Mass., and Mark Morgenstein of Detroit was groomsman and usher. Also ushering was Douglas Campbell, brother of the bride.

Bell Sleeves

The bride fashioned her own wedding gown, a floor length A-line dress of crepe blend, styled with bell sleeves, an Empire waist, and a back train attached by a belt. The neckline, sleeves, hem and edge of train were trimmed in leaf shaped patterned pearls.

She wore a mantilla type veil and carried a cascade of red sweetheart roses and white gardenias.

Red Velvet

Her aides were attired in red crushed velvet gowns, fashioned exactly like the bridal gown, but without the train. They carried white fur muffs topped with red sweetheart roses.

The mother of the bride chose a gold brocade dress and coat with gold accessories for her daughter's wedding and Mrs. Carnevale wore a pink silk dress with pink accessories.

Reception Dance

Following the service a reception and dance were held at the Thimmes Memorial Building in Negaunee. The newlyweds will make their

Mrs. Alexander Carnevale

home in Stockbridge, Mass.

The bride, a Rock High School graduate, received her degree in elementary teaching from Northern Michigan University in Marquette and was affiliated with the Alpha Xi Delta Sorority. She taught at the K. I. Sawyer Elementary School for two and one half years.

The bridegroom who served in the United States Air Force for four years, recently received his honorable discharge and plans to attend Berkshire Community College in Pittsfield, Mass.

Nixons To Attend Cabinet Wedding Today

WASHINGTON (AP) — The President and his Cabinet take time out today to celebrate an official family romance that is not coincidentally—as old as the Nixon administration.

They are guests at the marriage of Douglas Rogers, 23-year-old son of the secretary of state, and Nancy Hardin, 21, daughter of the secretary of agriculture.

Nancy and Doug, both law students, met when Nixon convened his Cabinet in Washington last year.

The walk down the National Presbyterian Church aisle this afternoon was destined to make social history.

It's the first marriage of two Cabinet offspring—at least in recent history.

Former President Dwight D. Eisenhower's pastor, the Rev. Edward L. R. Elson, chairman of the U. S. Senate, was called on to perform the double ring ceremony.

Eight hundred guests, including the Nixons, were invited to the imposing new \$8 million church for the 3 p. m. ceremony. Secretary of State William P. Rogers was to serve as his son's best man and Secretary of Agriculture Clifford M. Hardin was to give away the bride.

Doug is in his second year at Yale Law School and Nancy is a freshman law student at the University of Virginia. They had to schedule their wedding after January examinations ended only two days ago. Both plan to continue law studies at Yale and they have rented an apartment at nearby West Haven, Conn.

During the past few days they've been feted by friends and have received VIP wedding gifts. President and Mrs. Nixon sent a battery-operated clock of brushed gold, specially designed for the occasion, with "White House" imprinted on its face.

When Doug was asked how he felt about the historic nature of his wedding to another Cabinet offspring he said with a grin: "I'm not concerned with history. I'm more concerned at getting married."

Not all principals were happy with the instructions. "The implications of this do-it-yourself manual for the amateur, occasional school midwife are absolutely terrifying for the pregnant teen-agers in school and for the unprepared, untrained school personnel who are to be assigned to handle the apparently inevitable emergency deliveries in the schools," said Abraham H. Lass, principal of Abraham Lincoln High School in Brooklyn.

Baxter, Galt Marriage Ends In Divorce

SANTA MONICA, Calif. (AP) — A judge has dissolved the 10-year marriage of actress Anne Baxter and Randolph Galt on her complaint citing irreconcilable differences.

Galt, 40, and Miss Baxter, 46, ended the marriage Thursday in Superior Court.

Judge Robert Feinerman approved an agreement whereby the Oscar-winning actress will receive \$75,000 in alimony over a 10-year period, plus monthly child support of \$1,950 for three daughters, Katrina, 18, Melissa, 8, and Maginel, 6.

Katrina is Miss Baxter's daughter by her marriage to the late actor John Hodiak.

Galt, a Honolulu land developer, also maintains a 15,000-acre ranch near Esperance, Australia, and has substantial petroleum holdings. They married in his native Honolulu Feb. 18, 1960.

Miss Baxter, a granddaughter of the late architect Frank Lloyd Wright, received her Academy Award for "The Razor's Edge" in 1964.

ONE OF THESE 12 Michigan State University coeds will be chosen Miss MSU at a pageant Feb. 28. The girls, chosen from a field of 34 entrants, are (left to right): front row: Vicki Olen, Gwin; Colleen Burcar, Detroit; Soozee Brabeau, St. Clair Chores; Sharon Turner, Ypsilanti; Joy Morris, Flint; Janet Reed, Flossmoor, Ill.; back row: Nianne McDonald, Coldwater; Pam Loznak, Elsie; Adrian Bass, Arlington, Va.; Cathy Oberg, Oxford; Nancy Weldum, Rock; and Melinda Martin, Detroit.

Berkshire Players Please Concertgoers

By JANET MARTIN

A small but appreciative audience welcomed the Berkshire Chamber Players last evening at the William W. Oliver Memorial Auditorium last evening. This was the closing attraction in the 1969-70 season, sponsored by the Delta County Community Concert Association.

The group had its beginning in the heart of the Berkshire Mountains in Lenox, Mass., home of the Berkshire Festival, and includes: Herbert Tichman, who heads the group, clarinet and flute; his wife, Ruth, piano; Irving Becker, violin and viola and Aaron Shapinsky, cello.

Balance, Tone

The program opened with the Quartet in G minor by George P. Telemann, featuring the violin, flute, cello and piano in the lovely Andante, which was marked by beautiful balance and tone, the lively Allegro and the moving tones of the Largo.

Finger Movements

In the faster numbers, I was very impressed by the masterment of the difficult finger movements by the cellist. Being a string player myself, I particularly enjoyed the cello performance.

The second offering by the Players, featuring the flute and cello, was a delightful folk type selection, "The Jet Whistle," by Heritor Villa Lobos.

Next was the Trio in Bb Major from Op. 63 by Carl Maria von Weber by the flute, cello and piano. They performed the Allegro moderato, the fast moving, Scherzo, the lovely

Events

C&NW Women

The Woman's Club of the Chicago & Northwestern Railroad will meet Feb. 2, at 2 p. m. in the Elks Clubrooms. The business session will be followed by a luncheon and cards. Chairman is Mrs. Evelyn Gustafson and she will be assisted by Martha Feller, Betty Hamilton and Nancy Petry.

Senior Citizens

Senior Citizens will meet at 2:30 p. m. Sunday at the Civic Center for a card social. A potluck supper will be served at 5:30 p. m.

Square Dance

The Merry Mixers Square Dance Club will hold a dance Feb. 1 at the Flat Rock Town-hall. Dancing will be from 8 to 10:30 p. m. and Steve Baltic will be the caller. All square dancers are invited.

When you are braising pork chops in a little liquid, try using dry white vermouth as the braising liquid.

Jack Carters End Marriage

LOS ANGELES (AP) — Comedian Jack Carter, 44, and actress Paula Stewart, 34, have ended their marriage of nine years.

The divorce was granted Thursday on mutual grounds of irreconcilable differences. Miss Stewart was granted custody of their 3-year-old son Michael, the family home, \$500 a month child support and \$91,200 in alimony to be paid over seven years.

They were married at Miami Beach, Fla., on March 30, 1961, and separated on April 19, 1967.

Program Planned On Handicrafts

Mrs. Richard Stoll will present a program on "handicrafts" when the Women's Club meets Tuesday at 1:30 p. m. in Augustana Hall of Zion Lutheran Church. The meeting will be preceded by a dessert.

The hostess committee is chaired by Mrs. Glen Pawley and Mrs. William Hentschell who will be assisted by Mesdames Richard Bonifas, Nicholas Bonifas, E. D. Branyan, Keith Bundy, A. J. Cayla Sr., Clifford Christensen, Erlend Danielson, James Fyvie, Fred Hahne, C. S. Johnson, Clarence Johnson, Clarence Leach, Alvin Nelson and Jack Phillips.

Music will be under the direction of Sister Colleen of St. Francis de Sales School.

Briefly Told

Monday's hot lunch menu for the Manistique Area Schools will include rice-a-roni with meat sauce, buttered wax beans, fruit and beverage.

State police issued traffic notices on Thursday to Basil W. Pizzala, Holly, no insurance proof; Patrick C. Ranguette, Fayette, no operator's license; Leo T. Rock Jr., Gwin, defective brakes; and William T. Burton, Gulliver, no registration proof.

Elkettes will entertain their husbands at a dinner on Saturday, Feb. 7 at the Elks Temple. A social hour at 6:30 will precede the 7:30 dinner. Reservations may be telephoned to 341-2854 or 341-5283 before Wednesday, Feb. 4.

Troopers report a car driven by Arnie R. Luokka, 52, Charlotte, skidded out of control, struck and damaged a highway sign and rolled over on U. S. 2 in Nahma Township at 8:55 Thursday morning. The vehicle was towed from the scene of the mishap but the driver was not injured, troopers said.

WANTED COUNTERMAN

High School Education with some knowledge of car parts. Contact Manager

Lynn Auto Parts Inc.
164 River Street
Manistique, Mich.

Our sincere thanks to all the wonderful people of Manistique, Gulliver, Green School, Germfask and Gould City for their many acts of kindness and considerations during our recent bereavement in the death of our wife and mother. The Cur-sillos, KC's, Lady Foresters, Boy Scout Troops 100, 401, 402, Altar Society of the Divine Infant, Ladies Circle of the Maple Grove Mennonite Church, the Messier - Broul-lire Funeral Home, Dr. Larry Sell, to all who sent flowers and Mass cards, we shall be eternally grateful.

The Family of
Mrs. John H. Hettel

Two Townships Okay Fire Aid

Thompson and Doyle Townships have both agreed to purchase fire protection service from the City of Manistique during 1970.

At Thursday night's Township Board meeting, Thompson residents overwhelmingly approved entering into a contracted agreement with the city. They will pay \$990.00 per year.

City Manager Robert Noe said Doyle Supervisor Richard Rodgers advised him Doyle would contract for service on a \$300 per call basis. The city service will be used on a back-up basis, Rodgers said, since the township recently purchased a used truck and is in the process of organizing a volunteer fire unit.

The deadline for contracted township service expires tomorrow, Feb. 1 and only one township — Inwood — has failed to respond. Manistique and Hiawatha Townships previously indicated their willingness to buy service from the city.

Other outlying townships — Mueller, Seney and Germfask — were not included in the city's original request for contracted fire service. However, the city has indicated they will service the townships on a reciprocal basis if need should arise.

The Thompson Township Board also agreed, during their Thursday night meeting, to split costs with Hiawatha Township on an engineering feasibility study to correct pollution of Indian Lake and the possibility of hooking up with the city's wastewater plant. The study will be done by the Ann Arbor engineering firm of McNamee, Porter and Seeley.

Downstate Firm To Supply Homes For L'Anse Site

EAST LANSING (AP) — Alco Universal Inc. of East Lansing has announced its prestige structures factory in Charlotte will provide 65 single family homes for Silver River Cooperative in L'Anse, Baraga County. The modular homes will be of conventional wood construction. They will be trucked nearly 500 miles to the upper peninsula to be erected on a 40-acre site with the help of local contractors.

Social

Bridge Club

Mrs. Carl Makel entertained her bridge club Thursday evening at her home in the State Savings Building. Prizes went to Mrs. Barney Johnson, Mrs. E. J. Thompson and Mrs. Makel. Mrs. Johnson and Mrs. Robert Sawyer were guests.

Mrs. Thompson will hostess the club on Wednesday, Feb. 11 at her home on Arbutus Ave.

Hospital

Admitted to Schoolcraft Memorial Hospital Thursday were John Breed, Mildred Gardner and Barbara Messer.

Discharged were James Wood and Alex Cooper.

Childbirth Instructions Given To Schools

NEW YORK (AP) — Emergency instructions on how to deliver a baby in school have been sent to all city Public school principals by the Department of Health.

The instructions said each school should have "an appropriate room with a high table or bench" and two persons trained in delivery procedures to help until a doctor reaches the school.

The new procedure, made public Wednesday apparently were a response to the Board of Education's action last fall to encourage pregnant students to remain in school instead of dismissing them.

There were 2,487 reported pregnancies last year among unmarried girls in 7th through 12th grades in city schools.

Dr. Olive E. Pitkin, director of the Health Department's bureau of school health, said he knew of only two cases in the last 15 years in which a girl gave birth in school.

Pitkin said the procedures were based on police department instructions to patrolmen on what to do to aid a childbirth.

They include lessons on how to deliver the child and what to do in case of emergency.

"Normally there is more than sufficient time to summon and await medical assistance," the procedures say. "However, the percentage of premature births and miscarriages among young girls is higher than among older women. Such premature birth may be unusually fast and require emergency measures before the arrival of the ambulance."

Not all principals were happy with the instructions.

"The implications of this do-it-yourself manual for the amateur, occasional school midwife are absolutely terrifying for the pregnant teen-agers in school and for the unprepared, untrained school personnel who are to be assigned to handle the apparently inevitable emergency deliveries in the schools," said Abraham H. Lass, principal of Abraham Lincoln High School in Brooklyn.

THE SENIOR CITIZENS' high rise apartment tower is having its wraps removed as exterior brick work is completed on the 18th (top) floor. The 176-unit apartment building for low income elderly is being constructed by developers Blumenfeld and Rakita, Milwaukee; is financed by a \$2.6 million loan; and will be dedicated by Miss America (Pamela Ann Eldred) on July 13, 1970. (Daily Press Photo)

Bay City Priest Fired By Bishop

BAY CITY (AP)—A Bay City Catholic priest who signed a civil rights complaint against the Saginaw Catholic Diocese has been fired by his bishop.

The Most Rev. Francis E. Reh said he was removing the Rev. James D. Miller from his post because Father Miller refused to accept a part-time assignment to a Saginaw parish.

Father Miller, who had been director of the Bay City Community Affairs Office of the diocese, said he refused the new assignment for two reasons.

First, he said, it makes little sense to assign a priest working in Bay City to a Saginaw parish, and secondly, he said he feels his mission is to fight white prejudice and bigotry in Bay City rather than work with large minority group congregations in the Saginaw parish.

Father Miller issued a statement, declaring, "I consider this dismissal a further attempt at harassment, and I am requesting that the Civil Rights Commission make a statement against such retaliation. I am asking for a retraction."

Father Miller had filed a complaint with the commission previously, after Bay City parishioners signed a petition asking that he be removed from his Bay City parish.

In his complaint, Father Miller asserted he had been discriminated against in the terms and conditions of his employment.

Bishop Reh said that while Father Miller is no longer with the diocese, his removal does not mean he is no longer a priest.

Father Miller said he has no intention of leaving the priesthood and will await the decision of the Michigan Civil Rights Commission before deciding any future plans.

Most Anyone Can Be Blood Donor

People who wonder if they can join the ranks of blood contributors in Delta County can get a specific answer from the physician who will be in attendance at each of the Red Cross Badger Blood Bank sessions next week.

League Opens Finance Drive

The League of Women Voters will celebrate its 50th anniversary next month. Highlight of the anniversary celebration is a national public fund raising drive to raise \$11 million to expand League services and activities at all levels of government.

The League is a national non-partisan organization whose main purpose is to encourage informed citizen participation in government.

Forty Leagues throughout the state are participating in the fund raising and observance of the 50th anniversary.

The Escanaba League, which was organized in 1951, is conducting its campaign by mail. Mrs. Frank Neumeier is chairman of the Escanaba drive.

A group of Escanaba business and professional men, who are assisting the League in the drive, comprise the sponsor's committee. They include Melvin Carlson, George Dunlap, Gene Kaufman, Dave Andrews, David Pinok, Paul Opekuck, Charles Folio, Roland Collins, Dr. Vernon Johnson, Attorney William Anderson, Irving Olsen, John Anthony, Norbert Murphy and H. H. Dubbelde.

John Anthony, Escanaba industrialist and long time League supporter, also serves on the state sponsor's committee. Governor William Milliken is honorary chairman of the state sponsor's committee.

The Escanaba League is financed by membership dues and contributions, the annual used book sale, and public contributions.

Contributions received from this drive will be used to expand and finance Escanaba League activities. Contributions beyond the needs of the local group will be sent to the national organization to finance an enlarged program of voters service, and a wide range of educational services and activities, as well as to provide a financial base for the future.

Mrs. William Taylor is president of the Escanaba League; Mrs. Robert Haack, first vice president; Mrs. Louis Gregory, second vice president; Mrs. Luther Barrett, secretary; and Mrs. Vernon Wicklander, treasurer.

Members of the community who would like to make a contribution may send it to Mrs. Vernon Wicklander, 220 S. 17th St., Escanaba.

Generally here's the requirements:

Weight not less than 110 pounds; age not less than 18 years; nor older than 65; have no acute illness such as severe cold, stomach flu, headache, extreme fatigue, and so forth.

There are other exceptions, of course known to the donors who have been there before—but if you are in doubt, come to the procurement clinic and let the physician make the decision, the Red Cross advises.

The bloodmobile will be in Gladstone on Wednesday, Feb. 4, at the James T. Jones School from 3 to 7 p. m.

On Thursday and Friday it will be in Escanaba at the Teamsters Hall: Thursday 2:30 to 7:30 p. m.; and Friday from 10 a. m. to 3 p. m.

The quota for the three days is 280 units, the same as before; the need continues high; and persons who would like to become donors are asked to call the Red Cross office mornings 786-4314 or 786-5371.

Besides the usual need for blood and blood derivatives, there are unusual circumstances in which emergency allocations save lives.

For instance, when an epidemic of infectious hepatitis (jaundice) struck a school in Wisconsin, spread from children to parents and neighbors, there was only one way of checking its spread.

Gamma globulin, a fraction of blood which provides temporary immunity, came to the rescue, supplied from the Red Cross.

Strike Forces NAL Shutdown

WASHINGTON (AP) — Striking ground employees halted all flights of National Air Lines early today after the company and Air Line Employees Association broke off negotiations Friday night.

Talks were to resume today, however, at the National Labor Relations Board headquarters here.

About 3,500 employees of the nation's sixth largest domestic carrier began the strike at 12:01 a. m. They have been without a contract since last spring, and negotiations involve both wages and fringe benefits. No details have been given.

Most of the striking employees are reservation clerks, ticket agents, ramp agents and clerical personnel.

National canceled 23 flights prior to the strike because they were to arrive at the destinations after midnight, and an airline spokesman here said all flights were grounded today.

Shortly after midnight, pickets appeared at Kennedy Airport in New York and Los Angeles International for a brief time.

The ALEA strike added mini-skirted women to the picket lines of striking mechanics patrolling Miami International Airport for more than a year.

The mechanics went on strike against National Jan. 17, 1969. Federal courts, however, declared the International Machinists Association strike illegal and National fired all those who struck and hired new ones.

Because the strike by mechanics was declared illegal, other unions have been crossing it to keep National flying.

Ford Co. Faces Pollution Suit

DEARBORN (AP) — Ford Motor Co. has been ordered to stand trial April 17 on a charge of air pollution.

An attorney for the firm, George Kirkos, appeared in Dearborn Municipal Court today and said the firm stood mute to a charge of excessive smoke emission from its coke ovens at Ford's Rouge plant in this Detroit suburb.

Ford is the first of six firms which are being taken to court on air pollution charges brought by Wayne County under a state statute. The offense is punishable by a \$100 fine.

Mort Sterling, director of air pollution control for Detroit and Wayne County, expressed disappointment that Ford was contesting the charge.

"Only last month, Henry Ford II dedicated the company to a program of eliminating pollution—in the air, water and on the land—in the shortest period of time," he said.

Four Detroit companies—Marathon Oil Co., the Smet-Solvay Division of Allied Chemical Co., Atlas Barrel & Co., and Detroit Gray Iron & Steel Foundries Inc.—are to be arraigned on pollution charges in Detroit Recorder's Court Tuesday.

Great Lakes Steel Corp. is to appear in River Rouge Municipal Court on similar charges next Friday.

Meanwhile, the State Water Resources Commission also has attacked Ford Motor for alleged pollution—this time of the waterways.

F. B. Frost, chief engineer for the commission, said Ford has been asked to appear before the commission Feb. 19-20 "to explain water pollution at its Rouge plant and three assembly plants in Wixom, Wayne and Sterling Heights."

Frost said Ford "periodically" exceeds the limitations of discharges of wastes into waterways.

Hospital

Ulysses McInnis has been discharged from the V. A. Hospital in Iron Mountain where he has been for four weeks after surgery.

Daniel Polequin, 617 N. 18th St., Escanaba, is a medical patient in room 341B at St. Luke's Hospital in Marquette.

Mrs. Evelyn Deneau of Rapid River, who is a patient in room 102 at St. Francis Hospital, is being allowed visitors.

Mrs. Lowell Thibault of Rapid River has been transferred from St. Francis Hospital in Escanaba to St. Mary's Hospital in Marquette. She is convalescing in room 114.

Ray Roy, 910 S. 13th St., is a patient at St. Francis Hospital where he will undergo surgery on Monday.

Get Arts Post

LANSING (AP)—Gov. William Milliken has named W. Calvin Patterson of Birmingham as chairman of the Michigan State Council For The Arts. Patterson, senior vice president of Michigan Bell Telephone Co., will succeed Duward Vaner, former chancellor of Oakland University, now chancellor of the University of Nebraska. He will serve for a term expiring June 1, 1972. Senate confirmation of the appointment is required.

DNR To Receive Federal Funds Of \$1.6 Million

LANSING (AP) — The State Department of Natural Resources reports Michigan will receive nearly \$1.6 million in federal tax funds during the current fiscal year, to be earmarked for wildlife improvement work and research.

The money represents Michigan's share in federal taxes on the sale of sporting arms and ammunition and fishing tackle.

The department plans to allot some \$1.18 million for game projects and more than \$396,528 for fisheries work.

Michigan's share of the federal funds is topped only by the states of Alaska, California and Texas.

Under the federal program, the states are required to match \$1 of their own funds for every \$3 of federal funds.

Son Of Judge Found With Dope; Given Probation

BRIDGEPORT, Conn. (AP) — The son of a judge who once ordered the prosecution of parents who held a drinking party for teen-agers has received a suspended sentence for possession of heroin.

Rodney S. Eielson Jr., 18, son of Circuit Court Judge Rodney S. Eielson, was placed on two years' probation on the recommendation of his lawyer, Joseph Mirsky.

Judge Eielson stood by his son's side as a two-year sentence was suspended by Circuit Judge Thomas Sullivan. The younger Eielson had pleaded guilty to narcotics possession. Police said he had 17 envelopes of heroin when arrested last May 14.

Judge Eielson received national attention in 1964 for ordering the prosecution of adults in Darien who arranged a party for teen-agers where drinks were served. The traffic death of a 17-year-old girl followed the party. The adults were prosecuted under a law prohibiting anyone except a physician from authorizing drinks for minors, and several received fines.

Senate Approves Bill For Merger Of Ailing Papers

WASHINGTON (AP) — The Senate has passed a bill to allow joint operation by financially ailing newspapers. The aim is to preserve a wide variety of editorial voices.

In a 63-14 vote Friday the Newspaper Preservation Act to exempt poor newspapers from certain antitrust laws was sent to the House, where the prospect for early action appears doubtful.

The measure allows newspapers "in probable danger of failing" to combine production, advertising and circulation operations with a successful newspaper in the same location while maintaining separate news and editorial staffs and policies.

Proponents of the bill—led by Sen. Daniel Inouye, D-Hawaii, said the bill is necessary to preserve a variety of editorial voices in given communities.

The immediate effect of the bill would be to permit continuation of newspaper combination arrangements in 22 cities, including Tucson, Ariz., where a Justice Department suit five years ago initiated the controversy resulting in the bill.

Union Pacific Hit By Strike

WASHINGTON (AP) — Four unions went on strike against Union Pacific Railroad at midnight and industry spokesmen reacted quickly today with announcements they would carry through on threats to shut down all the nation's rail traffic.

Penn-Central, the nation's largest rail carrier serving most of the Eastern seaboard, announced in Philadelphia it would discontinue operations at 10 p. m. EST today unless the strike against Union Pacific is terminated before that time.

The company announced passenger trains which cannot reach their final terminals before 10 p. m. will be canceled to avoid detention along the routes. Freight trains will be held in intermediate yards, the company said.

In the meantime, other railroads across the country had not announced specific times to cease operations, but industry spokesmen said shortly after pickets first appeared in three Midwest cities that all the carriers would shutdown operations.

Union Pacific pickets first appeared in North Platte and Omaha, Neb., and Council Bluffs, Iowa, as members of four shop craft unions whose latest contract expired over a year ago walked off their jobs.

The National Railway Labor Conference announced plans for a 10:30 a. m. EST press conference today in which industry spokesmen were expected to outline plans for the nationwide shutdown.

John P. Hiltz Jr., chief negotiator for the industry, said earlier today "They will be shut down today at a time to be determined and announced."

The Machinists, Boilermakers, Sheet Metal Workers and Electricians unions planned to strike only the Union Pacific, which operates over 9,500 miles of track in 13 western states.

Woman Stabbed, News 'Censored'

BIG RAPIDS (AP) — A 20-year-old woman was found stabbed to death along a side road two miles outside Big Rapids Friday, but Prosecutor Charles Woodruff slapped an unexplained news blackout on the case. The case continued veiled in secrecy today.

Authorities refused to say how the woman was killed or to disclose her age.

Newsman were unable to locate the prosecutor by telephone and a deputy reported Sheriff George Van Kula unavailable.

Sgt. James A. Kneale, commander of the Reed City State Police Post, said he had been ordered by the prosecutor to give no information, so did Dr. John A. White, Mecosta County deputy medical examiner.

The Rogers Funeral Home, where the body was taken, also declined to discuss the case and referred newsmen to Prosecutor Woodruff.

AF Doctor Aids Killer Suspect

SAIGON (AP) — A U.S. Air Force doctor treated a young Vietnamese girl whose hands had been blown off—then learned later she was wounded while fusing a bomb to kill him.

The Air Force said the girl's aunt brought her to Capt. Jerold D. Albright of Haven, Kan., at the Ca Mau province hospital in the southern Mekong Delta.

Her hands had been blown off at the wrists. Albright cleaned the wounds, stopped the bleeding and bandaged the stumps of her arms.

Later the girl told officials she was helping her aunt, a Viet Cong, build a bomb from plastic explosive when it went off. The bomb was to be placed under the seat of the doctor's jeep, she said.

"If the Viet Cong are so interested in getting rid of me, it must mean our medical efforts in this area are helping turn the local population against the VC," Albright said. "It also indicates to me that even the enemy has confidence in our medical care."

Bomb Discovered Aboard Viet Plane

SAIGON (AP) — A grenade devised as a time bomb was discovered in the washroom of an Air Vietnam jet today before it could explode.

There were 86 passengers and a crew of seven aboard the Boeing F2F, which had flown from Da Nang to Saigon. As the plane was taxiing toward the terminal of Tan Son Nhut airport, a stewardess noticed smoke, opened the door of a restroom and found a package.

The plane stopped and the occupants left through emergency exits.

NEW YORK GOV. Nelson Rockefeller appears to be swallowed up in a glass of water as he addresses New York Water Pollution Association at the New York Hilton Hotel Thursday. Actually it was a clever camera angle created by New York Daily News photographer John Duprey. Rockefeller said President Nixon's \$10 billion to fight pollution is not enough money. (AP Wirephoto)

Competition Set In Slalom Skiing

Open competition for the Upper Peninsula Community School Winter Games in slalom skiing will be held Sunday, Feb. 1 at 2 p. m. at Danforth Ski Hill. Contestants must bring their own equipment.

Divisions: (boys and girls) are for Grades 9-12, Grades 7-8 and Grades 5-6.

First place contestants will represent Escanaba in the U.P. Winter Games at Menominee. Second place winners will serve as alternatives. All contestants are to register at the tournament site the day of competition.

Briefly Told

Escanaba police have issued criminal court summons to Duane C. Bahlman, Antigo, for failing to exercise due care.

George W. Rusch, executive director of the Central Upper Peninsula Economic Development District, attended a week of intensive industrial development training offered by the Georgia Institute of Technology, recently.

Peter Silvernagel, 1105 Ludington St., is in St. Francis Hospital today where he was taken for treatment after he was found slumped over the wheel of his car in the 300 block, Stephenson Ave., at 10:15 a. m., police reported.

Marcos Blames Reds For Riot

MANILA (AP) — President Ferdinand Marcos said today that those who tried to storm his palace were Communist-inspired men dedicated to overthrowing the Philippine government.

In a nationwide broadcast after eight hours of rioting Friday night and today left five dead, more than 150 injured and at least 300 in jail, Marcos said those who fought in the streets were not the students who have been pressing for reforms.

They were "men who acted in accordance with a well-organized plan to attack the government through acts of rebellion and subversion." He said, adding that they behaved "in the pattern of Chinese Communists—waving red banners and calling for revolt in their speeches and leaflets."

Marcos assured the nation that the situation was under control and the government was prepared to put down any insurrection.

Marcos decided to go on radio and television after an emergency meeting with advisers. Before he spoke, a government official announced that criminal charges will be brought against those arrested.

Escanaba Hits Late To Topple Wykons, 71-59

IRON RIVER—The Escanaba Eskymos kept within range of pace-setting Menominee in the Great Northern Conference by staging a fourth quarter rally Friday night to turn back stubborn West Iron County, 71-59. The Maroons tripped Iron Mountain for their fifth GNC win against a single loss.

The Wykons, 1-9, for the season, kept the Eskys in check for three quarters before Bill Dubord and Tom Kangas decided to shake off their GNC rivals in the last eight minutes. The win gives Escanaba a 4-1 league log, the same as Holy Name, winners over Kingsford Friday night.

Dubord's basket with more than two minutes gone in the final stanza got the Eskys on the winning trail. With the score 50-48, Dubord hit his first of 10 points in the final frame and from there on the

Kingsford	1	5
West Iron Cty.	1	5

Delta County unit was never headed. The Eskys meshed 31 of 62 from the floor while the Wykons hit only 25 of 73 for the night.

The Wykons were outscored, 21-11, in the stretch after keeping pace throughout the first three quarters.

Ray Palmer, a thorn in the side of the visitors all night, started things off by hitting a two-pointer to start the game. The lead changed hands several times in the first quarter before Gene Timmer collected his first basket near the midway point. Dubord, Kangas and Bob Gauthier combined for 10 points to give the Eskymos a 16-11 first quarter spread.

Turnovers by both sides made for ragged play in the opening period. Palmer hit four baskets and Bill Baumgartner, a replacement for starter Jerry Cerderna, hit two quickies in the exciting second stanza that saw the Wykons creep to within one point at halftime, 31-30. Palmer notched 12 points in the period to spark the rally.

Bill Cray gave West Iron the lead again with a set shot but Dubord and Gauthier made a couple to give the Eskys the

lead again despite three straight turnovers. Baumgartner's swisher cut the margin to 35-34. Three points by Kangas on a free throw and a layup and a layup by Gauthier gave Escanaba breathing space once more, 42-38.

Bob Thompson replaced Gauthier who picked up his third foul and came through with a quick basket. By the time the buzzer sounded, EHS had a 46-42 lead.

The Wykons still weren't ready for the "kill," however, and used four points by Baumgartner and a two-pointer by Palmer to cut the margin to two, 50-48, with 5:33 remaining in the final quarter.

This was the signal for Dubord & Co. to take charge. Dubord hit three, Kangas five while the Wykons got only one point on Cray's free throw.

It was only a matter of time before Escanaba was about to gain its fourth conference win to stay in the running for the title, along with Menominee and Holy Name.

The West Iron Jayvees salvaged the preliminary, winning by the score of 68-54. The Wykon Frosh also took their game, downing Escanaba, 56-46.

Kangas kept up to his average by netting 25 points while Dubord was collecting 16 and Gauthier 12. Cray's 19 was high for the Wykons. Palmer and Baumgartner each connected for 16 counters. Kangas also hauled down 16 of the Eskys' 35 rebounds.

The Eskys next outing will carry them to Kingsford where they meet the GNC cellar dwellers on Friday.

Powers Gains 11th Win, Carney Loses

The Powers-Spalding Tigers ran up a 40-27 halftime score and easily handied Pembine, Wis. its 10th Skyline Conference loss of the season against two wins, winning by a 73-56.

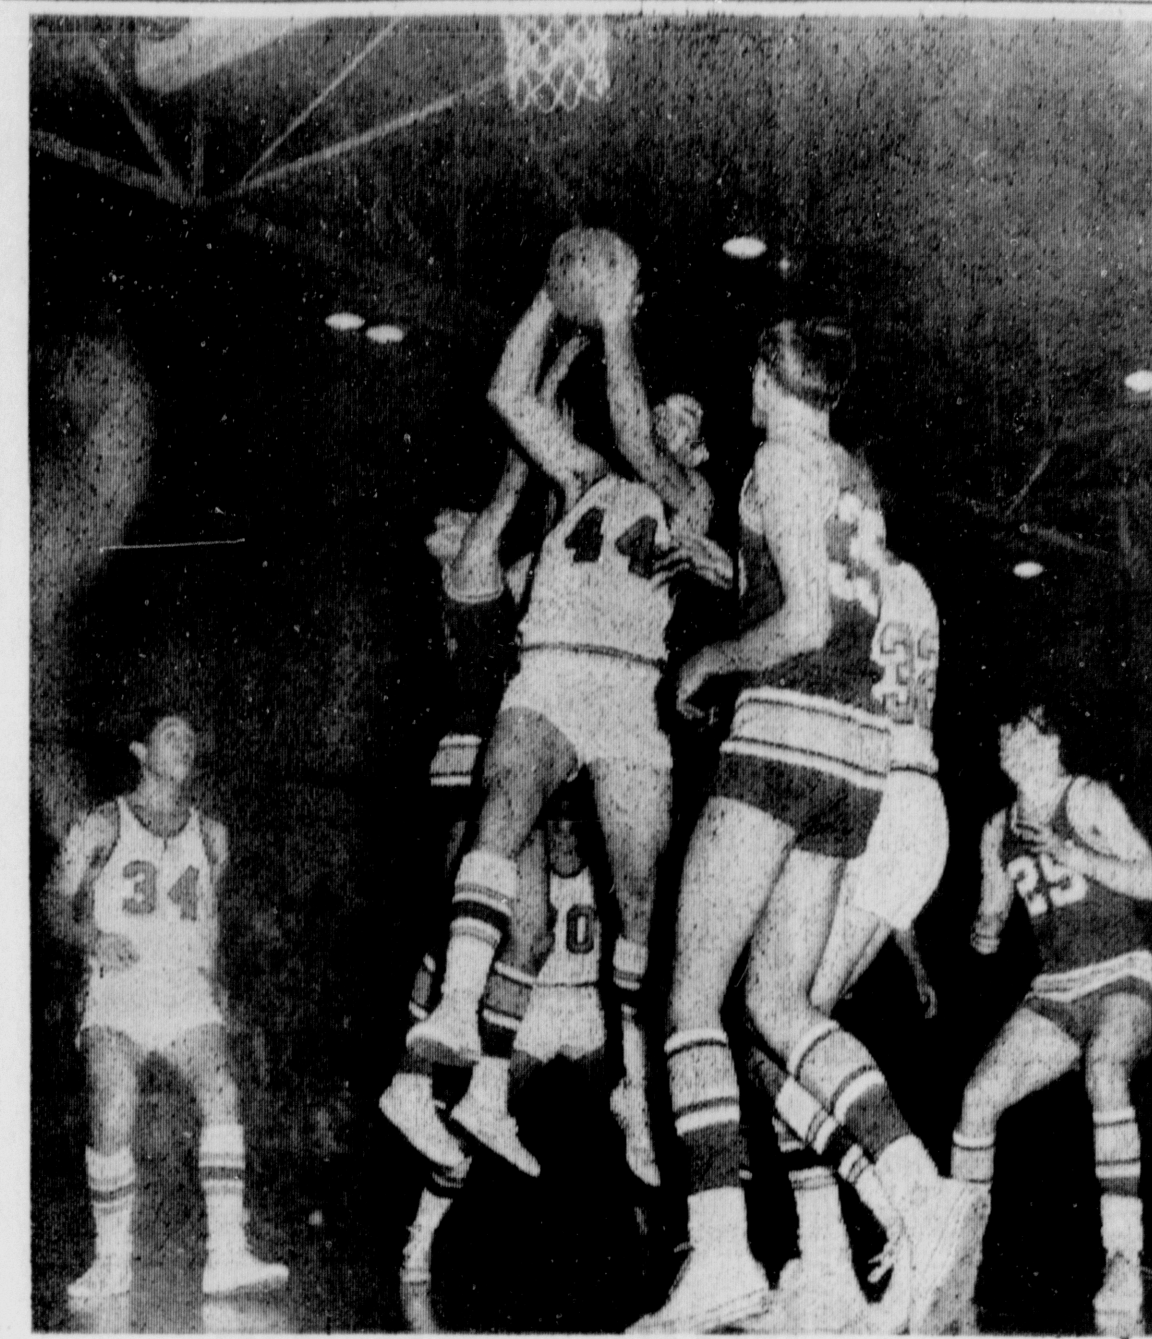

The Tigers needed the win to stay a step ahead of the rampaging Champion Indians who scalped Felch, 114 to 71 as Larry Laitala canned 65 points on 25 field goals and 15 free throws. National Mine edged Carney in a barnburner, 59-58, on the Nats' court. In another Skyline game, Republic kept its title drive alive with a 70-62 win over Channing. Hermansville was idle last night.

Powers upped its record to 11-1 in conference action with its win. The return of Kim Riedy to playing form after an injury made things easy for Coach Mike Forsberg's crew.

With Dick Smith combining with Riedy and Lee Vincent for 60 points, the Tigers weren't about to be caged by the Wisconsin quintet.

The league leaders ripped the cords with 34 baskets in 85 attempts for a 40 per cent rating while Pembine managed 24 of 66 for a 36 per cent tally. Smith's 24 points topped the field for the winners but ranked second to Bob Kristoff's 30 counters, 28 coming from the field. Riedy tallied 20 on his return to the lineup.

The Powers JV unit made it a clean sweep by bumping

SWEEPS BOARDS — Holy Name's Joe Harvey (44) makes like a human vacuum cleaner as he goes high in the air to pull down one of his 18 rebounds in the Crusaders 87-37 victory over the Kingsford Flivvers Friday night at the Holy Name High School gymnasium. (Daily Press Photo)

Big Bay Stays Unbeaten In Central League Race

Big Bay de Noc, Bark River-Harris and Rapid River all came up with victories in Central League games Friday night, keeping Big Bay de Noc in first place with a perfect 7-0 record and putting Bark River on their heels with a 5-2 mark.

The Black Bears had to come from behind to squeak out a 65-62 victory over Eben in overtime, Bark River pasted

Perkins 67-49 and Rapid River whipped Rock 73-55. The other league member, Trenary, was idle last night.

Big Bay trailed the whole game against Eben before going ahead by two with time running out. Eben's Dale Maki then put the game into overtime with a pair of free throws.

John Lewandowski scored five of Big Bay's nine points in the extra period while his teammates held the Eagles to just four points. He finished the game with 27 points, high for the Black Bears, while Bill Hartman chipped in with 11 and Dave Hardwick had 10.

Joe Goin paced Eben with 21 points and Leo Niemi and Dale Ruska had 12 apiece.

Neither team could do much in the first half of the game between Bark River and Perkins.

kins, but the Broncos came to life in the final two periods and shot 51 per cent from the field while scoring 45 points.

Perkins held a 23-22 lead at halftime, but they couldn't hold Bark River down in the second half and could only come up with 26 points. The Broncos finished the game hitting 27 of 80 attempts from the field and Perkins was 20 of 67.

Randy Leese tossed in 22 points to lead Bark River in the scoring column while Loren Veesser and Dan Veesser helped out the winning cause with 11 points apiece.

Bob VanDamme led Perkins with 21 points and Ken Simonson threw in 17.

Rapid River jumped all over Rock in the second and third periods for its victory, outscoring the Little Giants 40-16. Rock outscored the Rockets 16-11 in the first period and 23-22 in the fourth.

Dan Safford led the way for Rapid River with 22 points and teammates Sam Johnson and Jeff Boyer chipped in with 15 and 12 points respectively.

Vic Bodanyi, a transfer playing for the first time in a Perkins uniform, paced the Yellowjackets with 18 points.

Tom Pfothner Receives Honors

Another honor has been bestowed upon Tom Pfothner of Gladstone High School for his accomplishments on the gridiron this past season. Tom, who was Lineman of the Year in the U. P. for 1969, has been named to the Midwest Sun-kist - Coach & Athlete 1969 Prep Football All-America team. He is one of five players named from Michigan and is the only Upper Peninsula representative.

Gaining honorable mention were Cliff Young, a quarterback at Gladstone, and John Brown, a halfback from St. Ignace.

The team is co-sponsored by the Sun-kist Growers and Coach & Athlete Magazine.

Rapid River Coach Bob Debelak credited the victory to the fine work on the boards by Safford, Boyer and Johnson and Mike Sigfrids, fine defensive job on high-scoring Tom Lippens.

In preliminary games, Big Bay nipped Eben 37-36 in overtime, Bark River romped over Perkins 70-27 and Rapid River unended Rock.

Snead Leading Senior Tourney

PALM BEACH GARDENS, Fla. (AP) — Sam Snead took a three-stroke lead after 36 holes in the PGA Seniors Championship Friday with his second straight 71 as rain and the flu bug cut the field to 90 players.

Snead, a former winner of this round 72 for a 145 total. One of Boca Raton, Fla., held the three shot bulge over Fred Haas of Gretna, La. Haas turned in a 73 Friday to go with his opening round 72 for a 145 total. One of the casualties was Tommy Bolt who was in a three-way tie for second place at the end of the first round with a 71.

Bolt, suffering from a cold, withdrew saying he was too weak to risk complications by playing in the rain. Gene Sarazen also took a look at the weather and changed his knicker for street clothes.

Henry Ransom of College Station, Tex., first round leader, slipped to a 76 to tie with three others in third place with 145. In that group were Chandler Harper of Portsmouth, Va., Bob Hamilton, Santa Claus, Mo., and John Barnum of Belmont, Mich.

Denver Skaters Defeat Spartans

EAST LANSING (AP) — The University of Denver beat Michigan State 6-4 in Western Collegiate Hockey Association play Friday night.

State is now 7-4 in conference play and 10-7 overall. Denver is 5-3-1 in the conference and 12-6-1 overall.

Michigan State goalie Rick Duffett recorded 35 saves and Ron Grahame had 37, 16 of them in the second period.

Crusaders Bombard Flivver Five 87-37

By MIKE UTT

What do you do when your parents are sitting on one side of the gymnasium in the stands and your brother is just a few feet away coaching the opposing team? Easy—you send your team out on the floor to do what they've done on seven other occasions this season—win.

This is just exactly what Coach Gordon LeDuc of the Holy Name Crusaders did Friday night at the Holy Name High School gymnasium and his Crusaders responded with an 87-37 victory over the Kingsford Flivvers who are coached by Roger LeDuc, in a Great Northern Conference basketball contest.

It was a combination of superior rebounding, some hot shooting and a tough defense that netted the victory for Holy Name. Their rebounding corps of Dan Young, Joe Harvey and Steve Kleiman led the Crusaders to an 84-25 edge on the boards while they were hitting at a 40 per cent clip from the field on 35 of 89 attempts. Harvey finished the game as the high rebounder with 18 and Young and Kleiman helped out with 10 each.

After a rather slow start, the Crusaders held an 8-5 lead but a pair of field goals by Harvey and eight straight points by sophomore Bill Skradski got the Crusaders off and running. They held a 22-9 lead at the end of the first period before Young led them to a 52-20 advantage at halftime with 13 points in the second quarter.

Holy Name made 21 of 41 shots in the first half for a red-hot 51 per cent while the Flivvers were just six of 31 for 18 per cent. The Crusaders had already established themselves to a superior advantage in the rebounding department, holding

ing a 43-12 lead in the first 16 minutes.

Holy Name cooled off a bit in the third quarter and made only eight of 25 field goal attempts, but they upped their lead to 43 points by the end of the period, 72-29.

Both teams were using reserves in the final period and Holy Name added five more points to their margin, mainly on the shooting of Tom Ness and Gary Kleiman.

The wide margin of victory gave LeDuc a good chance to look at his bench and all of them responded well, especially Ness and Kleiman. Crusader fans also got their first look at Neil Odgers, a transfer from West Iron County, who made his first appearance in a Crusader uniform.

Laitala Scores 65 For Champion

CHAMPION — Larry Laitala of Champion came up with the best individual performance of the 1969-70 basketball season Friday night when he scored 65 points in Champion's 114-71 victory over the Felch Foresters.

The 65-point performance tops the 60-point game by Gary Lange of Houghton last week and puts the two players practically in a tie for the scoring leadership in the Upper Peninsula. Lange was held to just 14 points on one field goal and 12 free throws in Houghton's 63-46 victory over Baraga last night.

Braves Register Overtime Victory

STEPHENSON — Although the Gladstone Braves went in to last night's basketball game against a non-conference opponent, they came out in first place in the Great Lakes Conference standings.

Gladstone had to come from behind to take a 60-58 victory over the Stephenson Eagles in overtime, but the big news came when the score of the Marquette-Negaunee game was announced. Marquette, which was leading the conference with a 6-1 record, also played an overtime, but came out on the short end of a 56-55 score, moving the Braves to the top of the heap with a 5-1 mark.

Stephenson jumped out to a 30-26 lead during the first half of last night's game, but the Braves rallied in the next two periods to take the lead, only to have Stephenson tie the score again with just four seconds remaining.

Gladstone held a one-point margin with four seconds remaining, but Barry Hafeman of the Eagles was fouled and had two shots to win the game. He made his first attempt to tie the score but failed on his second.

Bill Murphy of Gladstone scored in the first minute of the overtime period and the Braves then held on for the victory. Stephenson missed three free throw attempts in the overtime and the Braves missed one.

The Braves played the overtime with only one starter left in the game, Murphy, who led the team in scoring for the night with 17 points. Don Harris and Wayne Marshall also hit in double figures for the

Young led the way in the scoring column for Holy Name with 24 points on nine field goals and six free throws. Skradski, the leading scorer on the squad this season, chipped in with 18 on seven field goals and free throws.

All the players on the Crusader roster but Odgers managed to score in the game and pleased their parents, who were in attendance for the special "Parents' Night" feature.

Holy Name is now 8-2 on the season and 4-1 in Great Northern Conference play. They return to action Tuesday night at Manistique before heading into their final five games of the season, all of which are conference clashes. They still have games with Menominee and Escanaba at home and have to travel for contests with West Iron County, Menominee and Iron Mountain.

The Holy Name junior varsity remained undefeated in conference play with a 69-58 victory in the preliminary game, giving them a 9-1 mark for the season. Dave Lundin and Steve Sharkey each tossed in 15 points for the winners.

SPORTS MEMORIES!

Highlights from the world of Sports of a decade ago . . . Do you remember?

FINAL WEEK January, 1960

- Barry Andrews dazzled the Marquette spectators as he hit on fifteen of twenty field goal attempts, plus a free throw for 31 points and an Eskymo 68-65 win over the Redmen.
- Evelyn Bergstrom turned in a nifty 529 series in the Arcade Thursday night Bowling Tournament, featuring a 233 high game.
- Clarence Komas was the pride of the Industrial League taking high series honors with 593 and also high game with 221.
- Mel Bertrand is hitting at a fantastic .555 clip to hold the top spot in the Men's Tavern Dartball league.
- Holy Name dropped its ninth game in eleven starts, a 57-44 thumping by Bishop Baraga, with Dennis Messier hitting ten points for high honors for the Crusaders.

Pistons Triumph Against Bullets

By The Associated Press

Dave Bing rang up 28 points in the battle against Baltimore Friday night and pushed Detroit to its 129-117 National Basketball Association victory — the first time the Pistons have beat the Bullets since Jan. 2, 1963.

It was the first time in 16 games that Detroit turned the tables on Baltimore. Ping's fantastic first period and a scorching close by Jimmy Walker, McCoy McLennan and Eddie Miles brought on the win.

Flashed in NBA action Friday night, Boston whipped Cincinnati 129-117. Philadelphia topped Chicago 121-105. Los Angeles trimmed Atlanta 117-77. San Francisco downed Phoenix 125-116 and San Diego edged Seattle 119-117.

In the American Basketball Association, New York ripped Denver 115-93. Carolina defeated Pittsburgh 117-93, and Dallas topped Los Angeles 127-121.

Fallmore won all seven encounters against Detroit last year and the first four of this season.

Detroit built up a 21-point lead early in the third quarter, as Bing pushed all the way with all his 28 points until he was benched with foul trouble.

The Bullets stormed back, paced by Earl Monroe who had 15 points in the third period, to slash Detroit's advantage to three points. But the Pistons pulled away again on the scoring of Walker, Miles and McLennan.

The Celtic's John Havlicek, down with gastritis, was replaced by Jo Jo White, who scored 22 points, sparking

Boston to a big third period lead.

Then Emmette Bryant staved off a late Cincinnati comeback with a couple of key field goals that sealed the Celtics' victory.

The Knicks also built a big lead and then had to hold off a Philadelphia rally to secure their sixth straight victory. Dick Barnett's 16 points led the beleaguered New York attack. Archie Clark topped the 76ers with 23.

Milwaukee, six games back of New York, kept pace with the Knicks by rapping Chicago. Lew Alcindor scored 27 points, blocked seven shots and made nine steals for the Bucks, bottling up the middle against the Bulls.

Bob Love led Chicago with 22. Keith Erickson's 23 points led Los Angeles past Atlanta. The Lakers, down by one point at halftime, outscored the Hawks 33-20 in the third period to take control of the game. The Warriors moved LA within one-half game of first place Atlanta in the Western Division.

The Warriors won their first game under new coach Al Attles, whipping Phoenix. Clyde Lee led the way with 25 points. Lee and Jeff Mullins put the game away after Phoenix reduced a 17-point third quarter deficit to five points.

Dick Van Arsdale and Connie Hawkins each tossed in 38 points for the Suns.

John Block poured in 10 of San Diego's 11 overtime points as the Rockets shaded Seattle. Elvin Hayes ran the Sonics ragged, scoring 49 points for San Diego but it was Block's overtime shooting that proved the difference.

Bruins Retain Victory Streak

By The Associated Press

For a few fleeting minutes it seemed the Golden Bears of California were on the verge of the college basketball upset of the season.

They led the unbeaten UCLA Bruins, the country's top-ranked team, by five points midway of the second half and with their home court advantage at Berkeley appeared to have the situation in hand Friday night.

There was an abrupt about-face as the Bruins went into a fast break and scored an 87-72 victory, their 15th of the season and 19th straight since losing to Southern California a year ago.

John Vallely tied the score at 55-55 on a three-point play, then followed with four straight jump shots and three free throws as the Bruins went on a 26-7 burst that broke the game open.

Valley scored 23 of the 47 points UCLA tallied in the second half. He finished with a total of 28. Ainsley Truitt, whose shooting gave the Bears their lead, tossed in 27 points.

Southern California, No. 15 in The Associated Press poll, also won on the road. The Trojans shaded Stanford 71-68.

The Jacksonville Dolphins, sixth in the AP poll, rebounded from their defeat at the hands of Florida State earlier in the week. Playing at home they whipped St. Peter's of New Jersey 124-101.

Artis Gilmore, Jacksonville's 7-foot-2 star, scored 46 points, grabbed 30 rebounds and blocked seven shots. Rex Morgan added 24 for the Dolphins. Ted Schwester and Gene Rinaldi paced the Peacocks with 27 each.

In other home court victories Yale beat Harvard 86-75. Brown topped Dartmouth 74-66. Long Beach State whacked San Jose State 94-75. Oregon State humbled Hawaii 76-56 and American U. downed Catholic U. 77-65.

Jim Morgan, with 23 points, paced Yale over Harvard. Arnie Berman, with 28, led Brown over Dartmouth.

The Penn at Columbia game, originally scheduled for Friday, was switched to Monday night.

State Bureau After McLain

DETROIT (AP) — A paint company formed by Tiger pitching star Denny McLain is being investigated by the Michigan Corporations and Securities Bureau.

The bureau is looking into the possibility that the company sold stock before it was legally incorporated Jan. 5, according to John Hueni, bureau director.

"The corporation cannot legally sell stock if it is not incorporated. You can sign up subscribers before the incorporation but they would have to be listed as incorporators," Hueni said.

Only three incorporators are listed with the Livonia paint company, Denny McLain Dycos International. They are McLain, with 200,000 shares, his attorney Edward P. May, with 50,000 shares, and Dycos General Manager Ed Dametrak, with 50,000 shares.

Dycos was licensed to issue \$800,000 worth of common stock at \$1 per share after Jan. 5. McLain said Friday night he is president and majority stockholder in Dycos.

However, said he just recently found out that Dycos had not been incorporated until Jan. 5.

"I'm not an attorney. All those things are legal problems," he said.

His attorney said he believed that the original incorporators could legally sell stock to other subscribers before incorporation. He said, however, he would be happy to file an amended list of incorporators if the state asked him to do so.

McGrady Scores Victory In 600

NEW YORK (AP) — Marty Liquori, never a loser in New York, won as expected. So did John Carlos, who had never won here. But the big surprise was Martin McGrady.

Most of the track world knows of Liquori and Carlos, both

Olympians, but the unheralded McGrady virtually ran away with the Mel Sheppard 600-yard race at the 63rd annual Wanamaker Millrose Games Friday night at Madison Square Garden, beating three other world record holders and winning the meet's top performer award.

While Liquori, the 20-year-old Villanova ace, regarded as the United States' top miler, defended his Wanamaker mile title before 17,079 fans in 4 minutes, 2.6 seconds for his sixth straight victory here. Carlos made it five in a row this season, taking the 60-yard dash in 6.1 seconds; McGrady came from behind to upset Olympic champion Lee Evans.

In one of three meet marks that toppled, another was tied. McGrady streaked to a 1:10 flat clocking, snapping his own Millrose record by one-tenth of a second. McGrady of Sports International, and the world record holder at this distance, trailed in last place, 10 yards back with 100 yards to go before spurting past Evans of San Jose State to win by nearly five yards.

Behind Evans, the 400-meter Olympic and record holder, came Villanova's Larry James, the 500-yard record holder and Curtis Mills of Texas A&M, the 440-yard outdoor record maker.

Other meet standards which fell were the 880-yard run, broken by Australia's Olympic champion Ralph Doubell, who ran 1:49.2 and the 1,000-yard race, which fell to Tom Von Ruden of the Pacific Coast Club. Von Ruden, clocked in 2:07.1 also snapped the American record of 2:07.9 held by Ernie Cunliffe in 1961.

Willie Davenport, the Olympic hurdles champ, averaged two straight defeats by Gary Power, winning the 60-yard high hurdles in 6.9, tying the meet mark. Bill High of Tennessee was second followed by Erv Coleman and Power, both of the Southern California Striders.

Rangers Nip Oakland 2-1

OAKLAND (AP)—Ron Stewart, the New York Rangers' 37-year-old wing and ace penalty killer, has learned a lot of tricks in his 18 seasons in the National Hockey League.

He used one Friday night to beat the Oakland Seals, 2-1, in the only NHL contest as he fired a goal past Seals goalie Gary Smith midway through the third period while the East Division leading Rangers were short-handed.

Smith, who was only 8 years old when Stewart broke into the NHL with Toronto in 1952, faced Stewart alone as most of the Seals were converging on the Rangers' goal for a quick kill, not expecting the Rangers to try a shot.

New York goalie Terry Sawchuk cleared the puck to Donnie Marshall, who relayed it to Stewart.

Although New York outshot the Seals 39-20, Oakland was in the game all the way.

The Seals scored first at 9:34 of the second period when Howie Menard rebounded in a backhand shot by teammate Norm Ferguson.

Two minutes, later defenseman Arnie Brown tied it for New York with a 45-footer on a power play.

Norm Cash, Tiger first baseman, is the only player in the American League to belt more than 20 home runs for each of the past nine seasons.

Hockey Tourney Plans Drawn Up

WINNIPEG (AP) — Plans are under way to bring all 14 National Hockey League teams to Winnipeg this fall for an invitational tournament.

Maitland Steinkopf, chairman of the Manitoba Centennial Corp., made the announcement at a news conference Friday.

He said he already has spoken to NHL president Clarence Campbell on the proposal and there is a "75 per cent chance that it will come off."

The idea is an attempt to lighten the blow suffered when the 1970 World Hockey Tournament, originally scheduled for Montreal and Winnipeg, was called off. The tournament went to Stockholm when Canada withdrew over a dispute involving use of professionals.

Tentative dates mentioned were late September or early October. Steinkopf said he was hopeful that Manitoba could offer substantial prize money.

He said the tournament would run more than a week and would involve 13 games in a one-loss-and-out competition.

Southpaw pitcher Ray Sadecski, now a member of the New York Mets, started 17 games for the San Francisco Giants last season. He completed four and had a 5-8 record for 138 innings.

State GOP Seeks Rival For Hart

ST. CLAIR (AP) — Michigan Republicans formally began looking today — for the man or woman — with the best chance of plying Democrat Philip A. Hart out of the U.S. Senate seat he has held for 12 years.

Some 200 upper echelon party leaders attended a meeting chaired by Gov. William G. Milliken this afternoon in which the problem was to be raised.

Romney Ruled Out
The Republican meeting began amid reports that former

Gov. George Romney had definitely eliminated himself from contention as the GOP Senate candidate. It also was reported that his wife, Lenore, would be a candidate only if no agreement could be reached on another consensus candidate.

Romney said publicly earlier this week he wanted to remain as secretary of housing and urban development in Washington. However, at that time he did not eliminate himself entirely as a candidate.

Sen. Griffin Speaks

Sen. Robert P. Griffin, R-Mich., addressed a luncheon gathering earlier today. Griffin's successful race against former Gov. G. Mennen Williams came after a similar Republican consensus meeting held in 1966.

Making the choice this year apparently won't be as easy as it seemed to the party's state central committee last September at a Mackinaw Island meeting.

Leaders agreed then to try to reach a consensus on the one candidate with the best chance, strongest support and most money needed to defeat Hart at the Nov. 3 elections eight months from now.

Milliken Backs Plan

The plan had the support of Milliken and according to Romney, even of President Nixon as well. By general agreement, either of the Romney's could still have the nomination for the asking, but their reluctance to claim it has left the party a difficult task of assessing several relatively back row prospects.

Most are considered to lack either the popular appeal, party standing or financial support. Republican caucuses in both houses of the Legislature adopted resolutions earlier this week urging the party not to commit itself now, but simply let all interested candidates fight it out. Several already are running openly.

\$250,000 Battle

State Sen. Robert J. Huber of Troy has pledged a \$250,000 battle. Huber is a conservative and something of a maverick. He bolted the Senate GOP caucus last year in disagreement over Milliken's nomination of Myron Whals, a black attorney, to an appointive state post. Another controversial conservative, James F. O'Neil, treasurer of the State Board of Education, also is running. These two men are the only open candidates so far, and their momentum is generally thought to have forced Milliken to push for some sort of quasi-official recognition of one or more alternatives.

Riegle Not Candidate

Before the start of today's consensus meeting, admittedly only the first of a series, party officials said delegates as well as newsmen would be admitted only if properly accredited. The move was viewed as an attempt to prevent Huber from claiming a consensus by packing the meeting with his own supporters. In a last minute move Friday night, U.S. Rep. Donald Riegle, R-Flint, announced he was not a candidate for the Senate, but left the door open.

He said if it would develop at the St. Clair meeting and later sessions that the 32-year-old Riegle should seek the GOP nomination, he would then consider it.

Also mentioned have been U.S. Rep. James Harvey of Saginaw, and Deane Baker, 45, a Detroit construction worker. Mrs. Romney and John Stahlan, a Milliken fund-raiser, both recently spoke of a "young man" who may emerge as the consensus candidate.

Some suggested it might have been a reference to Riegle, who was not at the session.

Somali is the world's principal source of the incense resins frankincense and myrrh. It was known to ancient Egypt as the "Land of Aromatics."

Card of Thanks

Bartosz

We wish to thank our friends, neighbors and relatives for their kindness and sympathy in our bereavement, the death of our dear husband and father, Walter Bartosz. We are grateful to those who visited us, to those who sent floral and spiritual bouquets, the Altar and Rosary Society for the luncheon, the staff at St. Francis Hospital, those who offered the use of their cars and drivers, and to anyone who helped in any way. Thank You.

The Family of
Walter Bartosz

DeMay

We wish to extend our heartfelt thanks to the neighbors, friends and relatives for the many acts of kindness and sympathy shown us during our recent bereavement, the death of our dear husband, and father, John DeMay.

The Family of
John DeMay

In Memoriam

Leach

In loving memory of our dear mother and grandmother, Hannah Mae Leach, who passed away one year ago today, January 31, 1969.

In our hearts your memory lingers, sweetly, fond and true; There is not a day dear mother, That we do not think of you.

Sadly Missed by the Family of
Hannah Mae Leach

LEGAL NOTICES

PROPOSED PUBLIC SALE
Notice is hereby given that the City of Escanaba will sell to the highest bidder the following described property:

DESCRIPTION
That part of the NE 1/4 of the SW 1/4 of Section 25, T 39 N, R 23 W, lying in the City of Escanaba, Delta County, Michigan, described as follows:

Commencing at the NE corner of said SW 1/4, thence South 0° 30' West along the East line of said SW 1/4 312.23 feet to the South line of Highway US 2 & 41, thence North 89° 58' West along the South line of said Highway US 2 & 41 93.82 feet to the point of beginning, thence continuing North 89° 58' West along the South line of said Highway US 2 & 41 112.00 feet, thence South 0° 2' West 617.50 feet, thence South 89° 58' East 764.44 feet, thence North 29° 58' East 712.55 feet to the point of beginning.

Said parcel contains approximately 13.36 Acres.

This property is zoned as light manufacturing and residential. Sealed bids for the purchase of above described lands will be accepted by the City Clerk on or before 4:00 P.M. EST, on February 5, 1970.

All bids will be publicly opened and read aloud at 8:00 P.M. EST, on February 5, 1970, in the main meeting room of the Catherine Bonifas Civic Center.

The minimum bid that will be accepted will be \$65,000 which is in accord with the appraised value of the land.

Each bidder shall enclose with his bid a certified check in an amount equal to twenty percent of the bid to show good faith and performance of the bidder.

The successful bidder shall immediately place the balance of bid in an escrow account a local bank and shall exercise his right to purchase within 30 days of notification of acceptance by the City Council.

Each bidder shall submit with his bid a proposed site development plan including buildings to be erected on this site as a part of the consideration for the approval of the sale of this property by the Escanaba City Council.

In the event the successful bidder does not commence construction of the building or buildings as shown on the site development plan within six (6) months from the date of the deed conveyance shall be null and void, and the City will retain the bid deposit in the absence of performance and the City will return the balance to the purchaser.

The City of Escanaba reserves the right to reject any or all bids and to waive any irregularities in the bids.

Deed of conveyance from City will be subject to:

1. Exceptions or reservations contained in prior deeds or record.

2. Construction described in site development plan to commence not later than six (6) months from the date of deed. In the event the bidder fails to perform in accordance herewith the City shall retain the bid deposit of 20 percent at no interest cost and the City will return the balance of purchase price without accrued interest.

3. Successful bidder to assume cost of extension of all utilities to City's specifications.

Attend the Church of Your Choice

Now, in "the quiet years," he has a chance to put the finishing touches on that schooner. When a man's working with his hands, he has time for some thinking, for some looking back.

Our aged friend has a good many years to look back over—some of them good, some bad. But, through all of them, there's been one steady, continuing force, like a thread of steel woven through the pattern of his life.

This force has been the thread of faith—a faith that is sustained and strengthened when a man devotes great time and energy to the Church and its mission.

Now in "the quiet years" he can look back over what has been—he can rejoice because he is able to review a life full of devotion.

You see, it is all-important to be able to review the right kind of life. Don't wait. Start going to church now.

Sunday Matthew 11:20-30
Monday Romans 5:1-11
Tuesday Romans 8:1-17
Wednesday Psalms 8:1-9
Thursday Isaiah 41:8-14
Friday John 10:1-11
Saturday 1 Corinthians 1:18-31
